THIRD JUDICIAL CIRCUIT, WAYNE COUNTY

ADRIENNE MARJORIE ROCKENHAUS,

Petitioner,

v.

CONRAD ALAN ROCKENHAUS,

Respondent.

Case No.: 26-102221-PP

Judge: PPO Docket Judge

Hearing: April 29, 2026 at 11:30 AM (Zoom)

RESPONDENT'S SUPPLEMENTAL MOTION IN SUPPORT OF TERMINATION OF
PERSONAL PROTECTION ORDER AND NOTICE OF RELATED CASE

NOW COMES Respondent, Conrad Alan Rockenhaus, appearing pro se, and respectfully submits this Supplemental Motion in Support of Termination of the Personal Protection Order entered February 20, 2026, and in support thereof states as follows:

I. NOTICE OF RELATED CASE

1. Respondent hereby provides notice to this Court that on April 9, 2026, Respondent filed a Complaint for Divorce against Petitioner Adrienne Marjorie Rockenhaus in the Washtenaw County Circuit Court, 22nd Judicial Circuit, assigned Case No. 26-737-DO before the Honorable Darlene A. O'Brien.
2. The divorce proceeding and the instant PPO proceeding are directly related. The same course of conduct, the same financial motive, and the same pattern of fabrication that form the basis of Respondent's Motion to Terminate the PPO are also central to the divorce proceeding. The Court's findings in this matter are therefore relevant to both proceedings.
3. Specifically, Petitioner's Complaint for Divorce alleges, among other things, that: (a) Petitioner obtained the PPO for retaliatory and financial purposes rather than genuine fear; (b) Petitioner

PAGE 2

made false statements to law enforcement and fabricated medical claims about Respondent; (c) Petitioner misappropriated Respondent's federal disability benefits during his incarceration; and (d) Petitioner's subsequent conduct, including forwarding Respondent's mail to him while simultaneously maintaining the PPO, is wholly inconsistent with any genuine fear of Respondent.

II. NEWLY DOCUMENTED FINANCIAL MOTIVE TIMELINE

4. Respondent presents the following timeline, not previously set forth in this proceeding in complete form, which establishes that the PPO was the product of a calculated financial and retaliatory strategy rather than any genuine fear.
5. On or about February 8, 2026, Respondent's appellate counsel, Assistant Federal Public Defender Kaycee Berente, contacted Petitioner to confirm whether Petitioner would pick up

Respondent upon his release from FCI Milan on March 2, 2026, as had been previously agreed. Petitioner declined and instead advocated that Respondent be routed to a VA Hospital upon release. Counsel then informed Petitioner that if Respondent were routed to a VA Hospital, his VA disability compensation would be required to cover his own lodging and living expenses, meaning those funds would not be available to Petitioner.

6. The very next day, on February 9, 2026, Petitioner sent counsel a written communication titled 'LEGAL/LIABILITY NOTICE' in which she declared that she was immediately retaining family counsel to secure a restraining order that would formally bar Respondent from returning to the marital residence and from accessing financial assets. Petitioner explicitly stated that this would create 'an absolute legal barrier' and that Respondent would have 'no money, no bank account, no home to return to.' This communication was sent the day after Petitioner learned that routing Respondent to a VA Hospital would redirect his disability compensation away from her.

7. Critically, Petitioner's February 9, 2026 communication also contained serious misrepresentations of Respondent's actual medical condition. Petitioner claimed Respondent had uncontrolled grand mal seizures, was a Care Level 4 patient, and was so chemically restrained on

PAGE 3

Zyprexa as to be medically incompetent. Each of these claims was false. Respondent's BOP medical records, which are available and can be produced, establish that: (a) Respondent was classified as Care Level 2, not Care Level 4; (b) Respondent's seizures had been well controlled since September 2025, with no recorded seizure in the five months preceding his release; and (c) Respondent had been off Zyprexa entirely since January 2026, a full month before Petitioner's communication. Respondent was on a low therapeutic dose of Suboxone for pain management and was entirely functional. Respondent had communicated his actual medical status to Petitioner in writing, which she disregarded. The fabrication of Respondent's medical condition in a formal written communication to his legal counsel, three days before the first abuse allegations and eleven days before the PPO filing, is direct evidence of a pattern of calculated misrepresentation.

8. On February 12, 2026, Petitioner sent Respondent's counsel a second written communication announcing that she was filing both a divorce and a Personal Protection Order at 8:00 AM the following morning. This communication contained, for the first time in the parties' marriage, allegations of rape and sexual assault. Petitioner explicitly framed these allegations in terms of entitlement to VA disability compensation as a 'documented survivor.' The premeditated nature of this announcement, scheduled and communicated to Respondent's own counsel the night before filing, establishes that the PPO was not a spontaneous response to fear but a calculated legal action planned in advance.

9. The PPO was filed on February 20, 2026, eleven days after the financial trigger conversation and eight days after the premeditated announcement.

9a. The retaliatory nature of the PPO is further confirmed by its precise timing relative to Respondent's federal court filings. On February 18, 2026, Respondent filed a Motion to Sever Adrienne Rockenhaus from his federal Bivens civil rights action, Case No. 2:25-cv-12716, after discovering that Petitioner intended to leave him homeless while misappropriating his income. Exactly 48 hours later, on February 20, 2026, Petitioner filed the instant PPO. This Court granted

PAGE 4

the Motion to Sever on March 6, 2026. A PPO filed two days after being severed from a federal civil rights lawsuit is not a response to fear. It is a response to losing legal and financial leverage.

9b. Further, at the time Petitioner filed the PPO, she was simultaneously acting as Respondent's 'Next Friend' in his federal Habeas Corpus proceeding, Case No. 2:25-cv-12913, holding herself out to the federal court as dedicated to Respondent's best interests and welfare. These two postures,

a devoted Next Friend advocate and a petitioner in genuine fear seeking protection from the same person, are irreconcilable. Petitioner cannot simultaneously claim to be fighting for Respondent's survival in federal court and to be in genuine fear of him in state court. The federal court record documenting her Next Friend advocacy is directly contradictory to any claim of genuine fear underlying this PPO.

10. This complete sequence, beginning with the financial trigger on February 8th, the fabricated medical claims and homelessness threat on February 9th, the first-ever abuse allegations tied explicitly to survivor compensation entitlement on February 12th, and the PPO filing on February 20th, establishes a documented financial motive that is wholly inconsistent with any claim that the PPO was filed out of genuine fear for personal safety.

III. PETITIONER'S SUBSEQUENT CONDUCT CONFIRMS ABSENCE OF GENUINE FEAR

11. As previously documented in Respondent's supplemental filing of April 6, 2026, Petitioner's own conduct following the issuance of the PPO is wholly inconsistent with any genuine fear of Respondent. In October 2025, while Respondent was in federal custody at FCI Milan, he sent Petitioner a personal photograph and handwritten note expressing love and affection. Rather than discard the envelope, Petitioner took the affirmative step of locating Respondent's current address and forwarding the envelope to him at the Delonis Center homeless shelter, 312 West Huron Street, Ann Arbor, Michigan. Respondent received the forwarded envelope on or about April 4, 2026. A

PAGE 5

person who genuinely fears contact from another does not actively seek out that person's current address and initiate mail contact with them.

12. Petitioner's February 14, 2026 Valentine's Day social media posts, in which she publicly expressed affection for Respondent while the PPO was being prepared, further contradict any claim of genuine fear. These posts are documented in the record.

13. Petitioner's sustained public 'Justice for Conrad' advocacy campaign, maintained simultaneously with her PPO filing, further establishes that the PPO was not motivated by personal safety.

IV. ACTIVE FEDERAL INVESTIGATIONS

14. As previously noticed to this Court and to the related federal proceedings, the VA Office of Inspector General has initiated a formal investigation into the misappropriation of Respondent's federal veteran benefits, assigned Case Number 2026-18750. The SSA Office of Inspector General has also received a formal fraud report regarding Petitioner's unauthorized retention of six months of Respondent's SSDI benefits during his incarceration. These investigations are ongoing and directly bear on Petitioner's financial motive for obtaining the PPO.

V. RELIEF REQUESTED

WHEREFORE, Respondent respectfully requests that this Honorable Court:

- A. Take notice of the related divorce proceeding, Washtenaw County Case No. 26-737-DO, Hon. Darlene A. O'Brien, and consider the overlapping facts and findings in both proceedings;
- B. Consider the complete financial motive timeline set forth herein, including Petitioner's fabricated medical claims of February 9, 2026, as additional evidence that the PPO was obtained for retaliatory and financial purposes rather than genuine fear;
- C. Terminate the Personal Protection Order entered February 20, 2026 in its entirety; and
- D. Grant such other and further relief as this Court deems just and equitable.

Subject: LEGAL/LIABILITY NOTICE
EXTERNAL SENDER
Kaycee, regarding your note that Conrad plans to 'go to a hotel':
You are relying on the 'plan' of a man the BOP has chemically restrained with Zyprexa and Suboxone.
He is not medically competent to determine his safety.
Releasing a patient with uncontrolled Grand Mal seizures to a hotel room alone is a death sentence.
There is no one to call 911 when he seizes. This is legally no different than releasing him to the street.
The 'VA Social Workers' you mentioned cannot ethically or legally discharge a Care Level 4 patient to
a 'hotel' based on the ramblings of a brain damaged, over-medicated patient. I demand to see the written
discharge plan from these social workers. If the plan is 'homelessness,' the BOP retains full liability for
the result.
As documented in my previous filings, the joint SoFi account designated for his VA benefits was extra
judiciously closed on September 17, 2025, immediately following my Habeas filing. Conrad cannot
open a new FDIC-insured bank account from prison without access to two forms of ID and the internet.
If he believes he has a functional bank account, he is hallucinating or delusional due to the Zyprexa
(Olanzapine) and Suboxone regimen the BOP is administering. There is no destination for those funds.
He will be released with \$0.00 accessible cash.
Conrad is legally indigent. He filed a motion with the court on August 21, 2025, declaring his indigence
due to lack of employment and income.
The BOP cannot release a Care Level 4 patient with uncontrolled seizures to a hotel he cannot pay for.

Without a verified, funded placement, releasing him to a "hotel" is releasing him to the street. This violates BOP Program Statement 7310.04 regarding safe release.

PAGE 9

LEGAL NOTICE - Restraining Order Initiated:

Because you informed me that the BOP intends to release him without a medical handoff despite his instability, I am immediately retaining family counsel to secure a Restraining Order.

This legal order will formally bar Conrad from coming to my residence or accessing financial assets.

This creates an absolute legal barrier. The BOP cannot release him to my "care" or "home" as a backup plan because a court order will prohibit it. He will not be able to open an account to redirect funds for the same reason.

Conrad has no money, no bank account, no home to return to, and is legally barred from my residence and his mother's residence. He is a homeless, chemically restrained, 100% disabled veteran with a TBI. The BOP's ONLY legal option is a direct transfer to a VA Medical Center or funded medical housing. Stop harming my husband by accepting the "plans" of a medicated veteran with a TBI. and look at the financial and legal reality. -Adrienne Rockenhaus

Subject: NOTICE OF EVIDENCE: Documented History of Sexual Assault and Facilitated Violence

Kaycee,

To be absolutely clear about the divorce and PPO I am filing at 8:00 AM tomorrow: do not mistake my intent for a bluff. I am prepared to enter the following into the public record to ensure you, your office, and the BOP is held liable for every second of their "Safe Release" malpractice:

* Sexual Coercion: I discovered and possess the digital receipts for Viagra Conrad purchased and used to facilitate the physical and sexual coercion of me prior to his 2025 arrest, after I explicitly withdrew consent.

* 2023 Physical Assault: I hold the police report from 2023 documenting his physical assault against me.

* Threat Evidence: I hold numerous recordings of Conrad over the years threatening my life and safety.

* Facilitation of Violence: I discovered and hold the proof that Conrad lied about securing legal counsel to protect me following my Sept 2024 assault by William Keene. He knowingly left me in a home with a violent aggressor while lying about "keeping me safe".

If you or the BOP proceed with a plan that involves Conrad having access to me, my home, or my sanctuary, before he receives critical stabilizing medical care at a hospital or VA facility immediately upon release, you are doing so with full knowledge that you are releasing a medically unstable abuser to his victim.

This is the end of the conversation. I am filing the divorce, the Fee Waiver, and the PPO at 8:00 AM tomorrow. Any response from you that does not include a direct medical transfer to a VA Medical Center will be treated as an admission of Deliberate Indifference and criminal complicity.

By facilitating Conrad's 7:05 AM harassment strike using a 20-year-old "side piece" while ignoring a Care Level 4 medical crisis, you have officially abandoned any pretense of professional ethics or law.

Case No. 26-102221-PP

RESPONDENT'S SUPPLEMENTAL SUBMISSION OF EVIDENCE:
PETITIONER'S DELIBERATE CONTACT WITH RESPONDENT VIA FORWARDED
MAIL IN SUPPORT OF MOTION TO TERMINATE PPO (CC 379)
NOW COMES Respondent, Conrad Alan Rockenhaus, appearing pro se, and
respectfully submits this Supplemental Submission of Evidence in support of his
pending Motion to Terminate the Personal Protection Order (Case No.
26-102221-PP). Respondent states as follows:

I. STATEMENT OF NEWLY DISCOVERED EVIDENCE

1. On or about October 2025, while Respondent was in federal custody at FCI Milan, he sent a personal photograph of himself along with an accompanying handwritten note to Petitioner, Adrienne Rockenhaus, at the marital residence. The PPO at issue did not exist at the time of mailing, it was not filed until February 20, 2026.
2. Rather than discard, return, or retain the envelope, Petitioner took the affirmative act of forwarding the envelope to Respondent's current address: the Delonis Center, 312 W. Huron St., Ann Arbor, MI 48103.
3. Respondent received this forwarded envelope on or about Saturday, April 4, 2026. The envelope bears Respondent's inmate ID and the FCI Milan address as the return

- address, with a forwarding label affixed showing 312 W. Huron St., Ann Arbor, MI 48103, Respondent's former address at the Delonis Center, as the delivery address.
4. The contents of the envelope are a printed photograph of Respondent in his prison uniform and a handwritten note reading: "Adrienne, Sending unlimited, unrestricted, unconditional love, always and forever in all timelines - Conrad."
- II. LEGAL SIGNIFICANCE
5. Petitioner Knows Respondent's Location. The act of forwarding this envelope to 312 W. Huron St., Respondent's former address at the Delonis homeless shelter, conclusively establishes that Petitioner had knowledge of Respondent's whereabouts. This directly undermines any claim of good-faith fear, as a person genuinely afraid of another does not voluntarily direct mail to that person's location.
 6. Petitioner Initiated Contact With Respondent. By affirmatively forwarding this

envelope to Respondent, Petitioner made deliberate contact with him. The PPO in this case prohibits Respondent from contacting Petitioner, yet it is Petitioner who has chosen to initiate contact through the use of the U.S. mail. This conduct is incompatible with the stated basis for the PPO.

7. The Forwarding Constitutes Evidence of Bad Faith. Petitioner filed the PPO on February 20, 2026, three days after Respondent revoked her financial authority, claiming fear of Respondent. Yet Petitioner thereafter sought out Respondent's address, affixed a forwarding label to correspondence addressed to him, and caused it to be delivered to him at a homeless shelter. This conduct is inconsistent with any genuine fear and further supports Respondent's position that the PPO was filed for retaliatory purposes.

8. This Evidence Corroborates the Retaliatory Timeline. As set forth in Respondent's Motion to Terminate (filed March 12, 2026), the PPO was filed precisely three days after Respondent revoked Petitioner's financial access on February 17, 2026. The forwarding of this envelope now demonstrates that, even after obtaining the PPO, Petitioner has continued to surveil and contact Respondent, behavior inconsistent with a genuine protective order and consistent with a pattern of control and retaliation.

PAGE 14

III. ATTACHED EXHIBITS

Respondent attaches the following photographic evidence in support of this supplemental submission:

Exhibit 1: Photograph of the outer envelope showing the original FCI Milan address label and the forwarding label to 312 W. Huron St., Ann Arbor, MI 48103.

Exhibit 2: Photograph of the printed photograph contained inside the envelope, depicting Respondent in his prison uniform.

Exhibit 3: Photograph of the handwritten note included in the envelope.

IV. RELIEF REQUESTED

For the foregoing reasons, Respondent respectfully requests that this Court:

- a. Accept and consider this supplemental evidence in connection with the pending Motion to Terminate the PPO;
- b. Find that Petitioner's affirmative forwarding of mail to Respondent's location constitutes evidence of bad faith and lack of genuine fear;
- c. Schedule an expedited hearing on the Motion to Terminate; and
- d. Grant such other and further relief as this Court deems just and equitable.

Respectfully submitted,

/s/ Conrad Alan Rockenhaus
