EXHIBIT A

UNAUTHORIZED FACEBOOK POST FALSELY DECLARING RESPONDENT DECEASED, MAY 4, 2026

Description. Screenshot of a Facebook post published to Respondent's Facebook account on May 4, 2026 at approximately 6:03 PM. The post is structured as a "[SYSTEM ALERT] DEAD MAN'S SWITCH INITIATED" automated release, falsely declaring Respondent deceased. The post identifies five third persons as "most likely responsible for my death," namely Annie Helgren (Redford), Pam Jordan (Redford), William Keene (Ann Arbor), Jason Zielinski (Milan), and Michael Kamke (Ann Arbor). The post includes a "GPS TELEMETRY: FINAL 10 LOCATIONS" block listing ten timestamped coordinate pairs and concluding with "STATUS: STATIC. CONTINUOUS PINGING AT LOC. SINCE 04-03." The terminal coordinate corresponds to the residence of a third person to whom Respondent had previously transferred custody of a wallet containing an Apple AirTag tracking device, not to Respondent's actual residence at 1690 Brookfield Drive, Ann Arbor, Michigan 48103. Respondent did not author or authorize the post.

Relevance. The Post is the central evidentiary fact addressed in Section II of the underlying Motion (Paragraphs 6 through 12). The Post's structural framing as a "post-mortem" release, the AirTag-keyed geolocation data, and the categorical structure of the named persons together comprise the indicia of authorship analyzed at Paragraph 9, supporting the inference that Petitioner is the author and publisher of the Post. The named persons fall into three distinct categories, each uniquely connected to Petitioner: (a) witnesses to the Motion to Terminate (Helgren, Jordan); (b) persons against whom Petitioner has previously filed formal accusations (Keene, Zielinski); and (c) Respondent's residential neighbor whom Respondent has never met (Kamke). The Post is also the predicate for the Demi-Jo Matthews propagation activity addressed in Section III and for Redford Police Department Case 26-7649 addressed in Section V.

**HANDWRITTEN SIGN AT PETITIONER'S RESIDENCE DIRECTED AT MS. HELGREN, MARCH
29, 2026**

Description. Photograph of a handwritten sign affixed at the kitchen window of Petitioner's residence at 26695 Ross Drive, Redford, Michigan 48239. The sign is handwritten in blue ink on white paper, taped at the corners with yellow tape. The salutation reads "Anne Helgen," a variant misspelling of Ann Helgren. The body text demands that Ms. Helgren cease unspecified "legal abuse" against Petitioner and stop appearing within Petitioner's sight immediately. A second handwritten sign is partially visible below it, also addressed to "Anne Helgren," referencing a March 3, 2026 written communication and accusing Ms. Helgren of having put "threatening documents" on Petitioner's property "on behalf of my rapist." Photograph taken on or about March 29, 2026.

Relevance. First documented entry in the pattern-of-conduct timeline against Ms. Helgren analyzed at Section IV of the underlying Motion (Paragraph 28). Establishes the temporal start of the witness-targeting pattern, six weeks prior to the May 4, 2026 Facebook Post. The sign has no legal force, as Ms. Helgren is not a party to this PPO matter and is under no court order requiring her to maintain any distance from Petitioner (Paragraph 32). Together with the May 5, 2026 printed sign (Exhibit C), the May 4, 2026 Facebook Post (Exhibit A), the Demi-Jo Matthews missing-persons-group share (Exhibit E), and the Demi-Jo Matthews comment on Ms. Helgren's wall (Exhibit F), this exhibit establishes a sustained pattern of escalating conduct directed at Ms. Helgren whose only role in this matter is as a credible factual witness adverse to Petitioner's PPO posture (Paragraph 33).

EXHIBIT C

**PRINTED SIGN AT PETITIONER'S RESIDENCE FALSELY ASSERTING "NO-CONTACT
DIRECTIVE" AGAINST MS. HELGREN, MAY 5, 2026**

Description. Photograph of a typewritten and printed sign affixed at Petitioner's residence at 26695 Ross Drive, Redford, Michigan 48239, materially distinct from the handwritten March 29, 2026 sign (Exhibit B) in form and content. The text reads, in pertinent part: "Annie Helgren has a no-contact directive and is not allowed on my property. If Anne Helgren steps on my property she will be reported for trespassing." Photograph taken on or about May 5, 2026.

Relevance. Second documented entry in the pattern-of-conduct timeline against Ms. Helgren analyzed at Section IV.B of the underlying Motion (Paragraphs 29 through 30). The sign affirmatively misrepresents Ms. Helgren's legal status by asserting the existence of a "no-contact directive" that has not been entered by this Court or by any other court of competent jurisdiction. The sign also threatens criminal complaint for trespassing against Ms. Helgren, positioning Petitioner to make a police report misrepresenting Ms. Helgren as the subject of a court order, which, if relied upon by responding officers, could expose Ms. Helgren to wrongful detention or arrest. The sign was posted on or about the same day Ms. Helgren and Ms. Jordan reported the May 4, 2026 Facebook Post (Exhibit A) to Redford Police Department, the same day a welfare check was conducted at Petitioner's residence under Redford Police Department Case 26-7649 (Exhibit D).

REDFORD POLICE DEPARTMENT CONTACT CARD BEARING CASE NUMBER 26-7649, MAY 5, 2026

Description. Photograph of the contact card provided to Respondent by the responding officer at Redford Police Department headquarters on May 5, 2026. The card bears the responding officer's identification and the assigned case number 26-7649.

Relevance. Documents the existence of an active Redford Police Department investigation into the May 4, 2026 Facebook Post and related conduct, addressed at Section V of the underlying Motion (Paragraphs 34 through 38). On May 5, 2026, Ms. Helgren and Ms. Jordan reported the matter to Redford Police Department in person, addressing the Facebook Post and additional contemporaneous concerns regarding Petitioner's apparent isolation at her residence. Respondent accompanied Ms. Helgren and Ms. Jordan to Redford Police Department headquarters on the same date and provided a separate statement to the responding officer. At the request of Ms. Helgren, Ms. Jordan, and Respondent, Redford Police Department conducted a welfare check at Petitioner's residence on Ross Drive. The case number on this contact card is the documentary anchor for the active investigation referenced at Paragraph 36, and Respondent is identified by Redford PD as a documented victim of the impersonation and false death-publication conduct described at Section II of the Motion.

EXHIBIT E

DEMI-JO MATTHEWS ACCOUNT SHARE OF MAY 4, 2026 FACEBOOK POST INTO "MICHIGAN MISSING PERSONS ALERTS" (1,700-MEMBER PUBLIC GROUP), MAY 5, 2026

Description. Screenshot of a post by the Facebook account displayed under the name "Demi-Jo Matthews" within the Facebook group "Michigan Missing Persons Alerts," a public Facebook group with approximately 1,700 members at the time of the share. The post shares the May 4, 2026 Facebook Post (Exhibit A) and adds the framing text: "please look into this. He is my friend and I am extremely concerned. He's been missing for at least a month. His location is pinging in Ann Arbor." The shared content is displayed alongside an embedded preview of the underlying Post under the byline "Conrad Rockenhaus." Screenshot captured on or about May 5, 2026.

Relevance. Documents the propagation of the May 4, 2026 Facebook Post (Exhibit A) into a 1,700-member public missing-persons audience, addressed at Section III.B of the underlying Motion (Paragraphs 16 through 19). The propagation expanded the audience of the Post by at least one order of magnitude beyond Respondent's personal Facebook network, increasing proportionally the risk to the named persons of inbound contact, harassment, or other conduct from third parties acting on the false predicate. The "His location is pinging in Ann Arbor" representation draws on the same AirTag-derived geolocation as the GPS telemetry block in the original Post, namely a non-public data source pointing uniquely to Petitioner. The shared geolocation-data source is the load-bearing forensic indicium of authorship analyzed at Paragraph 24.c, supporting the inference that the Demi-Jo Matthews Account is operated by or at the direction of Petitioner and that the Post itself was authored by Petitioner.

EXHIBIT F

DEMI-JO MATTHEWS ACCOUNT COMMENT ACCUSING MS. HELGREN OF HOMICIDE, MAY 6, 2026

Description. Screenshot of a comment by the Facebook account displayed under the name "Demi-Jo Matthews" on a photograph posted by Ann Helgren on her personal Facebook account on April 24, 2026. The April 24, 2026 photograph depicts Respondent and Ms. Helgren together at Ms. Helgren's residence, both alive, both in good spirits, more than ten days before the May 4, 2026 Facebook Post (Exhibit A). The Demi-Jo Matthews comment, posted on or about May 6, 2026, reads in pertinent part: "Is that right before you killed him?" followed by a Facebook share URL. Screenshot captured on or about May 6, 2026.

Relevance. Documents direct witness harassment by the Demi-Jo Matthews Account against Ms. Helgren, addressed at Section III.C of the underlying Motion (Paragraphs 20 through 23) and Section IV.C (Paragraph 31). The comment publicly accuses a witness in this PPO matter of homicide, on the witness's own publicly-visible Facebook wall, on the eve of the merits hearing on Respondent's Motion to Terminate. On information and belief, the Demi-Jo Matthews Account has Ms. Helgren blocked, with the result that Ms. Helgren cannot view the comment in real time but Ms. Helgren's social network can. That configuration is consistent with intent to damage Ms. Helgren's reputation among persons in her social network while preventing Ms. Helgren from observing or addressing the accusation directly, and is analyzed at Paragraph 24.f of the Motion as a discrete indicium that the Account is part of a coordinated effort directed at the witness rather than ordinary social-media activity by an unaffiliated user.

EXHIBIT G

AFFIDAVIT OF ANN HELGREN

Description. Sworn affidavit of Ann Helgren regarding the events of May 4 through May 6, 2026 as observed by her personally, including (a) her direct observation of the May 4, 2026 Facebook Post (Exhibit A) on her personal Facebook feed and her telephone notification to Respondent thereafter; (b) her in-person walk-in to Redford Police Department on May 5, 2026 with Ms. Jordan and Respondent and the resulting Case 26-7649 (Exhibit D); (c) her observation of the May 5, 2026 printed sign at Petitioner's residence (Exhibit C); and (d) her relationship to the Demi-Jo Matthews Account, including her inability to view the Account or its activity (the configuration analyzed at Paragraph 23 of the Motion). Notarized.

Relevance. Witness corroboration for the events described at Sections II, III, IV, and V of the underlying Motion. Anchors the foundational testimony at Paragraphs 7 (Ms. Helgren's telephone notification to Respondent regarding the Post), 23 (Ms. Helgren's inability to view the Demi-Jo Matthews Account), and 34 through 37 (the May 5 walk-in to Redford Police Department and resulting welfare check). Provides foundation under MRE 901 for the screenshots at Exhibits A, E, and F to the extent Ms. Helgren personally observed the underlying Facebook content. Ms. Helgren's prior affidavit, filed as Exhibit 15 to the April 25, 2026 evidence bundle, is incorporated by reference and is not displaced by this affidavit; this affidavit supplements her prior testimony with additional matters arising from the events of May 4 through May 6, 2026.

EXHIBIT H

AFFIDAVIT OF PAMELA JORDAN

Description. Sworn affidavit of Pamela Jordan regarding the events of May 4 through May 5, 2026 as observed by her personally, including (a) her observation of conditions at Petitioner's residence at 26695 Ross Drive, Redford, Michigan 48239 in the days surrounding May 4, 2026, including the absence of expected routine activity; and (b) her in-person walk-in to Redford Police Department on May 5, 2026 with Ms. Helgren and Respondent and the resulting welfare check at Petitioner's residence under Case 26-7649. Notarized.

Relevance. Witness corroboration for the events described at Sections IV and V of the underlying Motion. Anchors the foundational testimony at Paragraphs 34 through 37, namely the May 5, 2026 walk-in to Redford Police Department, the matters reported to Redford Police Department, and the welfare check conducted at Petitioner's residence. Ms. Jordan was identified in the May 4, 2026 Facebook Post (Exhibit A) as one of two persons "responsible" for Respondent's purported death, and her affidavit anchors the inversion-of-narrative observation at Paragraph 38: namely that the persons named in the Post as responsible for Respondent's death are the same persons who, on the day after the Post, asked Redford Police Department to make sure Petitioner was physically safe.
