Source document: Complaint_for_Divorce_Rockenhaus_Notarized.pdf

Filed: April 10, 2026 (notarization date)

Court: Washtenaw County Circuit Court

Plaintiff: Conrad Alan Rockenhaus (pro se)

Defendant: Adrienne Rockenhaus (a/k/a Adrienne Blair, Adrienne Hein)

Notary: Sasha Williams, Wayne County, Michigan, acting in Wayne County

Notary commission expiration: September 14, 2030

Cataloged: April 28, 2026

PROCEDURAL POSTURE

This is Plaintiff's affirmative action filed in Washtenaw County. It is procedurally distinct from Wayne County Case No. 26-104594-DO, in which Adrienne is Plaintiff and Conrad is Defendant. The two cases are structurally inverse. The Washtenaw filing represents Conrad's "breadcrumbs" strategy: deliberate establishment of multiple parallel proceedings each generating documentary records in directions that converge on the same underlying financial misconduct.

Plaintiff has resided in Washtenaw County for more than 180 days preceding filing, satisfying the residency requirement under MCL 552.9 et seq. Venue is therefore proper in Washtenaw County.

SECTION I: PARTIES AND JURISDICTION

Plaintiff Conrad Alan Rockenhaus resides at 1690 Brookfield Drive, Ann Arbor, Michigan 48103, in Washtenaw County. Plaintiff served honorably on active duty in the United States Navy from December 1999 through February 2015, totaling more than fifteen years of combined service, attaining the rank of Information Systems Technician First Class (IT1, E-6). Plaintiff served as a Transmission System Technician and was awarded the Combat Action Ribbon, Kosovo Campaign Medal, Global War on Terrorism Expeditionary Medal, and Navy/Marine Corps Achievement Medal. Plaintiff received an Honorable Discharge as reflected in his DD Form 214. Plaintiff is rated by the U.S. Department of Veterans Affairs as 100% service-connected disabled. VA Disability Compensation constitutes Plaintiff's sole source of monthly income.

Defendant Adrienne Rockenhaus is a resident of Wayne County, Michigan, with a last known address of 26695 Ross Drive, Redford Township, Michigan 48239.

SECTION II: THE MARRIAGE

The parties were lawfully married and have cohabited as husband and wife. There are no minor children of the marriage and none expected.

SECTION III: GROUNDS FOR DIVORCE

Breakdown of the marriage relationship to the extent that the objects of matrimony have been destroyed and there remains no reasonable likelihood that the marriage can be preserved, within the meaning of MCL 552.6.

Plaintiff brings the action to protect his legal rights and obtain a lawful dissolution, not out of hostility. Plaintiff affirmatively requests that the Court order the parties to participate in counseling and/or mediation prior to or during the pendency of the proceeding.

SECTION IV: PATTERN OF RETALIATORY AND PREMEDITATED CONDUCT

Paragraph 11: The "Justice for Conrad" advocacy campaign

Beginning during Plaintiff's federal incarceration, Defendant publicly operated an advocacy campaign on his behalf, maintaining multiple websites, a public YouTube channel, and active social media accounts including on X.com under the handle @adezero. The campaign was purportedly to advocate for Plaintiff's civil rights and medical needs.

In practice, Defendant used Plaintiff's story to draw attention to herself rather than to advance his interests. Defendant positioned herself as the central figure in Plaintiff's legal struggles, casting herself as a target of the same government forces she claimed were persecuting Plaintiff. Defendant leveraged Plaintiff's status as a 100% disabled incarcerated veteran to build a public media brand, generating social media followings and online content using Plaintiff's name, image, legal filings, and medical narrative as vehicles for her own public profile.

Paragraph 12: The advocacy campaign as facade

The public campaign created the appearance of a devoted and protective spouse while Defendant was simultaneously and secretly diverting Plaintiff's VA Disability Compensation and SSDI benefits into her personal checking account, filing her taxes as "married filing separately," and planning to render Plaintiff homeless upon his release.

Defendant's federal habeas petition filed as Plaintiff's "Next Friend" was dismissed by the U.S. District Court for the Eastern District of Michigan on **December 18, 2025** for lack of standing - a judicial finding that Defendant was not acting in Plaintiff's interest. Defendant continued her public campaign and her financial diversion after that ruling.

Paragraph 13: Premeditated financial separation predating the PPO

In or about October 2025, while simultaneously acting as Plaintiff's Representative Payee and collecting his VA Disability Compensation and SSDI benefits, Defendant filed her federal income taxes for both the 2023 and 2024 tax years using the status of "married filing separately." This filing status was chosen while Defendant was actively receiving Plaintiff's federal disability benefits as his designated Representative Payee and purported Next Friend.

Plaintiff has TRULINCS communications documenting Defendant's tax filing decisions. Defendant was systematically separating her financial and tax obligations from Plaintiff as early as October 2025, months before she claimed sudden fear for her safety.

Paragraph 14: February 9, 2026 notification and immediate retaliation

On February 9, 2026, Plaintiff's appellate attorney advised Defendant that she was no longer entitled to collect Plaintiff's VA Disability Compensation benefits. Upon receiving this notification, Defendant communicated to Plaintiff's appellate attorney that:

- She would not pick Plaintiff up upon his release from federal custody on March 2, 2026;
- She would not provide Plaintiff with any funds;
- She intended to render Plaintiff homeless;
- She intended to file a Personal Protection Order against Plaintiff.

The direct causal link between the notification regarding her loss of access to Plaintiff's VA benefits and her immediate retaliatory threats is documented and establishes financial motivation for subsequent conduct.

Paragraph 15: Plaintiff's protective legal action

Plaintiff filed motions in his federal habeas corpus case to remove Defendant from her self-appointed role as "Next Friend." Plaintiff also filed a motion in his federal Bivens civil rights case to sever Defendant from that proceeding entirely.

Paragraph 16: February 12, 2026 written communication and retaliatory escalation

Immediately after Plaintiff filed these protective motions, on **February 12, 2026**, Defendant sent a written communication directly to Plaintiff's appellate attorney explicitly stating she was filing a divorce and PPO at 8:00 AM the following morning, and listing a series of allegations in threatening terms. This written communication is documented and establishes that the PPO and the divorce filing were premeditated and scheduled, not a spontaneous response to fear.

Defendant filed the PPO on **February 20, 2026** and began making allegations of rape and sexual assault publicly and to Plaintiff's appellate attorney. Defendant publicly amplified these allegations across her social media platforms.

The sequence of events is documented:

1. February 9 - Defendant notified that VA benefit access is being revoked;
2. February 9 - Defendant threatens to render Plaintiff homeless and file PPO;
3. (Plaintiff files protective motions in federal cases);
4. February 12 - Defendant communicates filing schedule to appellate attorney;
5. February 17 - Plaintiff serves certified revocation of POA on Defendant;
6. February 20 - Defendant files PPO petition (three days after POA revocation served);
7. Subsequent - Public amplification of rape allegations.

SECTION V: MARITAL PROPERTY AND ASSETS

Paragraph 17: Disputed debt claim

Plaintiff disputes Defendant's claim, made in her PPO petition, that Plaintiff owes her in excess of \$100,000.00, including an alleged loan from her personal trust. Plaintiff submits that this figure is grossly inflated, unsupported by documentation, and was asserted in the PPO petition without supporting financial receipts Defendant herself acknowledged had not been attached. Plaintiff requests full and verified accounting of any alleged marital debts.

Paragraph 18: Period of vulnerability

From September 2025 through March 2, 2026, Plaintiff was in federal custody at FCI Milan, Michigan, including an extended period in the Special Housing Unit (SHU). During this time Plaintiff suffered from a documented Traumatic Brain Injury and a seizure disorder, was medically isolated, had severely limited communication access, and was entirely dependent on Defendant as his Representative Payee and Power of Attorney holder.

Paragraph 19: Specific property claims

- One Apple Mac Mini

(g) Email account access

(h) SSDI benefits fraudulently redirected

Defendant served as Plaintiff's court-appointed Representative Payee, with legal obligation under 42 U.S.C. § 405(j) to use SSDI funds exclusively for Plaintiff's personal care and well-being. Defendant diverted SSDI payments to her own account without Plaintiff's knowledge or consent and actively concealed the diversion by falsely representing to Plaintiff and his appellate attorney that SSDI payments had been suspended.

Payment Date	Amount	Notes
November 12, 2025	\$3,742.00	
December 10, 2025	\$2,153.00	
January 14, 2026	\$2,198.00

TOTAL	\$12,489.00	

Active investigations into financial misconduct

- **Social Security Administration Office of Inspector General** - matter referred for

investigation of Representative Payee fraud under 42 U.S.C. § 405(j) and 20 C.F.R. § 404.2041

- **VA Office of Inspector General Case No. 2026-18750** - active investigation of VA Disability Compensation diversion
- **Ann Arbor Police Department Case No. 26-11892** - parallel criminal investigation

Combined diverted funds: \$39,326.87

(i) Premarital separate property domains

Domain	Status
rockenhaus.com	Premarital separate property of Plaintiff
skyphusion.com	Premarital separate property of Plaintiff
greyponyit.com	Premarital separate property of Plaintiff

Defendant has no legal claim to these domains. Plaintiff requests immediate transfer of all registrar credentials, DNS settings, hosting access, and associated accounts to Plaintiff's sole control.

(j) Cannabytes, LLC accounting and ownership interest

Cannabytes, LLC is a digital software and web services business in which Plaintiff held an ownership interest. Plaintiff served as the primary technical operator and systems maintainer of the business prior to his arrest in September 2025. Defendant has assumed exclusive control of the business since Plaintiff's incarceration.

Clients identified: Humboldt CSI; Radogear.com (relationship mutually concluded by parties).

Plaintiff has reason to believe Defendant introduced **Sibin Grasic** as a partner in Cannabytes, LLC without Plaintiff's knowledge, consent, or proper involvement. If true, this may constitute breach of fiduciary duty and could materially affect the value of Plaintiff's interest.

Plaintiff requests full accounting of all Cannabytes, LLC revenue, expenses, assets, and any changes to the business's ownership or partnership structure from inception through the present, including any agreements entered into with Sibin Grasic or any other third party.

Paragraph 20: POA revocation timing

Plaintiff revoked Power of Attorney on **January 25, 2026**. Plaintiff served Defendant with certified written revocation on **February 17, 2026**. PPO was filed by Defendant on **February 20, 2026** - three days after certified revocation of financial authority was served.

In the PPO petition, Defendant falsely characterized Plaintiff's premarital domains, including rockenhaus.com, as her own business property, and sought court orders prohibiting Plaintiff from accessing his own digital infrastructure.

Paragraph 21: Federal preemption of VA benefits division

Veterans Disability Compensation benefits are the separate, protected property of the veteran under federal law (38 U.S.C. § 5301) and are not subject to division as marital property. The full diverted sum of \$26,837.87 is recoverable in full.

Paragraph 22: Combined recovery framework

Combined VA and SSDI funds wrongfully diverted: **\$39,326.87**.

Paragraph 23: March 2, 2026 false statements to police

On the day of Plaintiff's release from federal custody, Defendant made false statements to the Redford Township Police Department, falsely claiming that Plaintiff had never lived at the marital residence, in an effort to cause police to deny Plaintiff access to his own home and property. Defendant solicited a mutual acquaintance, **Annie**, to corroborate these false statements to law enforcement. Plaintiff was completely denied access to the marital residence as a direct result.

A police report documenting this incident exists. Plaintiff has text messages and other evidence documenting Defendant's solicitation of false statements from Annie.

Paragraph 24: March 2, 2026 false suicidal-ideation claim

While Redford Township Police were present on March 2, 2026 to serve the PPO, Defendant demanded that officers take Plaintiff to a hospital, claiming that he was suicidal. The responding officers independently assessed Plaintiff, determined that he was not suicidal, and declined to transport him to any hospital, directly contradicting Defendant's false claims.

Paragraph 25: March 4 and 5, 2026 property denial and "funding my rapist" statement

On March 4 and 5, 2026, Annie made multiple attempts on Plaintiff's behalf to retrieve Plaintiff's personal property and secure funds for Plaintiff from Defendant. Defendant refused both requests on each occasion.

In justifying her refusal, Defendant told Annie that doing so would be **"funding my rapist."** This statement establishes:

1. Defendant was using the rape allegation, which emerged on February 12, 2026 (the same day Plaintiff filed protective legal motions), as a financial justification to continue withholding Plaintiff's property and funds rather than as a genuine safety concern;
2. Defendant's continued denial of Plaintiff's property and money was deliberate, ongoing, and unambiguous;
3. Annie served as a direct witness to Defendant's conduct across multiple incidents (false statements to police on March 2, false VA commitment attempt, post-eviction property and financial denial on March 4 and 5).

Paragraph 26: October 2025 envelope forwarding (April 4, 2026 receipt)

In or about October 2025, while in federal custody at FCI Milan, Plaintiff sent Defendant a personal photograph and handwritten note expressing love and affection, addressed to her at the marital residence. The PPO did not exist at that time.

Rather than discard or retain the envelope, Defendant took the affirmative step of locating Plaintiff's current address and forwarding the envelope to him at the Delonis Center homeless shelter, 312 West Huron Street, Ann Arbor, Michigan. Plaintiff received the forwarded envelope on or about April 4, 2026.

The envelope bears Plaintiff's inmate ID and the FCI Milan return address, with a forwarding label affixed by Defendant directing delivery to Plaintiff's shelter address. This conduct is wholly inconsistent with any genuine fear of Plaintiff and constitutes evidence that the PPO was obtained and maintained for retaliatory and financial purposes.

This evidence has been submitted as a supplemental filing in the PPO proceeding (Wayne County Case No. 26-102221-PP, filed April 6, 2026).

Paragraphs 27-28: Coordinated false-VA-commitment campaign

Defendant engaged in a coordinated campaign to have Plaintiff falsely committed to a VA psychiatric facility, both prior to and on the day of his release from federal custody.

Defendant made false reports to VA medical staff claiming that Plaintiff was suicidal. Defendant fabricated a claim that Plaintiff's own mother was telling Defendant that Plaintiff was sending her text messages expressing suicidal ideations - a knowingly false claim, as Plaintiff was incarcerated and did not have access to a phone or any means of sending such messages.

Defendant solicited Annie to appear at the VA and falsely corroborate to VA medical staff that Plaintiff was suicidal, and instructed Annie to abandon Plaintiff at the VA facility and direct VA staff to detain him.

The VA evaluated Plaintiff for psychiatric commitment based in whole or in part on Defendant's false representations. Plaintiff was evaluated and subsequently released, as the false claims were without merit. Plaintiff has VA records and text messages documenting Defendant's false reports and her coordination with Annie.

Paragraph 29: Reservation of right to supplement

Plaintiff reserves the right to supplement the property list upon completion of discovery and full accounting of marital assets and liabilities.

SECTION VI: REQUEST FOR COUNSELING AND MEDIATION

Plaintiff requests referral to domestic relations mediation pursuant to MCR 3.216 and MCL 552.513. Plaintiff requests that the Court consider ordering the parties to engage in counseling, either jointly or individually.

SECTION VII: RELIEF REQUESTED

The complaint requests the following relief from the Court:

- A. Judgment of Divorce dissolving the marriage;
- B. Fair and equitable division of all marital property and debts;
- C. Return of all wrongfully redirected VA Disability Compensation funds (\$26,837.87) and SSDI funds (\$12,489.00), totaling \$39,326.87; full sworn accounting; return of personal computing devices; restoration of email account access; immediate transfer of premarital domains (rockenhaus.com, skyphusion.com, greyponyit.com); full Cannabytes, LLC accounting and equitable determination of Plaintiff's interest;
- D. Mediation pursuant to MCR 3.216 and/or counseling;
- E. Restoration of Plaintiff's rights to marital assets;
- F. Such other and further relief as the Court deems just and equitable.

STRATEGIC NOTES FOR CASE-FILE INTEGRATION

This Washtenaw filing operates as part of Plaintiff's "breadcrumbs" strategy, establishing multiple parallel proceedings with documentary records that converge on the same underlying financial misconduct. The Washtenaw case is procedurally distinct from the Wayne case in that Plaintiff is the moving party here, controlling discovery direction and procedural posture. The Wayne case (Adrienne as Plaintiff, Conrad as Defendant with Counterclaim) generates discovery from the inverse direction.

The first-in-time analysis between Wayne (Adrienne's filing, date pending verification) and Washtenaw (Conrad's filing, April 10, 2026) is a procedural question that may bear on consolidation, change of venue, or dismissal motions. Sinkiewicz's April 15, 2026 communication to the Washtenaw clerk acknowledged competing-cases priority, which on the standard analysis favors first-in-time.

The financial-misconduct numbers in this complaint ($\$26,837.87 + \$12,489.00 = \$39,326.87$) are concrete, dated, and documented, with active federal and state investigations operating in parallel. The recovery framework does not depend on the divorce-track discovery to develop the financial misconduct; the misconduct is already documented, and discovery serves to develop additional records (intermediary accounts, end-use of diverted funds, Cannabytes LLC operations, Sibin Grasic partnership terms) rather than to establish the misconduct itself.

The Cannabytes, LLC dimension introduces Sibin Grasic as a substantive party-of-interest in the financial-recovery framework. Sibin Grasic, who was the source of the 2019 prison-correspondence forward that initiated Plaintiff's relationship with Defendant, has now been allegedly introduced as a business partner without Plaintiff's authorization. His role across the case is therefore both originating and ongoing.
