**Case No. 26-102221-PP**

**RESPONDENT'S EMERGENCY MOTION TO DENY FALSE PPO  
VIOLATION CLAIMS, STRIKE PETITIONER'S PUBLIC SOCIAL MEDIA  
ACCUSATIONS, AND FOR SANCTIONS AND JUDICIAL NOTICE**

---

Respondent Conrad Alan Rockenhaus, appearing pro se, respectfully moves this Honorable Court for an emergency order: (1) formally denying and striking Petitioner Adrienne Rockenhaus's publicly disseminated false accusations that Respondent violated the Personal Protection Order (PPO) via anonymous or pseudonymous text messages, a Signal account bearing a fictional persona name, and an unsolicited food delivery; (2) correcting Petitioner's false public claim that Respondent was 'removed' from the Delonis Center; (3) taking judicial notice that both the Ann Arbor Police Department and the Redford Township Police Department independently investigated Petitioner's PPO violation reports, found them to be without merit, declined to arrest Respondent, and advised Respondent to report Petitioner's conduct to this Court; (4) taking judicial notice of Petitioner's bad-faith social media conduct; and (5) imposing sanctions for Petitioner's deliberate manufacture of false PPO violation reports. In support, Respondent states:

## **I. BACKGROUND**

1. On or about March 29-30, 2026, Petitioner published a series of posts on her public X.com account (@adezero) publicly accusing Respondent of contacting her via anonymous 'burner' phones in violation of the PPO.

2. Specifically, Petitioner posted: 'Confirmed from reliable source this is Conrad's Moto G Play Burner phone on the Verizon network in Ann Arbor.' This post received 489 views and was reposted multiple times, creating a widespread and false public narrative that Respondent committed criminal PPO violations.

3. In that same cluster of posts, Petitioner also publicly stated: 'Ann Arbor police went to look for him at that Huron address yesterday and were told by the facility he was removed.' This statement falsely implies that Respondent was expelled or removed from the Delonis Center as a result of misconduct or law enforcement action.

## **II. PETITIONER'S CLAIM THAT RESPONDENT WAS 'REMOVED' FROM THE DELONIS CENTER IS FALSE, RESPONDENT DEPARTED AS PART OF A PLANNED HOUSING TRANSITION TO A PERMANENT APARTMENT**

4. Respondent was not 'removed' from the Delonis Center. Respondent's departure from the Delonis Center was a planned, voluntary transition facilitated jointly by the Delonis Center and the U.S. Department of Veterans Affairs (VA) as part of Respondent's participation in a veteran transitional housing program.

5. Specifically, the Delonis Center and the VA coordinated to move Respondent from transitional housing into a permanent apartment as a positive step in his housing stabilization. Respondent executed a lease agreement for his new apartment at Meadowbrook Village on March 27, 2026, two days before Petitioner made her false 'removed' claim publicly on March 29-30, 2026.

6. Respondent's executed lease agreement (Meadowbrook Village, signed March 27, 2026) is attached hereto as Exhibit B and is incorporated by reference. This document conclusively establishes that Respondent's departure from the Delonis Center was a planned housing transition, not an expulsion, removal, or law enforcement action of any kind.

7. Petitioner's public characterization of this planned transition as Respondent being 'removed' by the facility is false, misleading, and consistent with her pattern of manufacturing a narrative of Respondent as a fugitive or violator for public consumption and potential use in these proceedings.

### **III. RESPONDENT HAS NEVER POSSESSED AN ANDROID DEVICE, PETITIONER'S 'MOTO G PLAY BURNER' CLAIM IS PHYSICALLY IMPOSSIBLE**

8. Respondent states under oath that he has never owned, possessed, or operated an Android device of any kind at any point relevant to this proceeding. Respondent's sole personal mobile device is an Apple iPhone. Respondent has never owned a Motorola Moto G Play, any other Motorola device, or any Android-based smartphone.

9. Respondent's witnesses include fellow residents from the Delonis Center in Ann Arbor, Michigan, who had regular daily contact with Respondent during his stay in transitional housing. One of those individuals is temporarily residing with Respondent at his current apartment and has firsthand, continuous knowledge of Respondent's person and possessions. These witnesses are prepared to submit sworn affidavits confirming that they have never observed Respondent in possession of an Android device of any kind. Respondent requests leave to file these affidavits as supplemental exhibits upon receipt.

10. Additional former Delonis Center residents who interacted with Respondent on a regular basis during his transitional housing stay are likewise prepared to

submit sworn affidavits confirming that Respondent was never observed with an Android device during that period or at any other time. Respondent requests that the Court permit submission of these affidavits as supplemental exhibits within fourteen (14) days of this filing.

11. Petitioner's claim that she had 'confirmed from a reliable source' that the offending messages came from Respondent's personal 'Moto G Play Burner phone on the Verizon network' is therefore not only unverified, it is physically impossible. Respondent has never possessed such a device. This fabrication further evidences Petitioner's pattern of manufacturing false accusations for use in this proceeding.

#### **IV. THE MESSAGES PETITIONER ATTRIBUTED TO RESPONDENT WERE SENT BY THIRD-PARTY INTERNET TROLLS, NOT RESPONDENT**

12. The very screenshots Petitioner herself published on X.com conclusively demonstrate that the messages she attributed to Respondent originated from anonymous third parties, not from Respondent.

13. One message came from phone number +1 (914) 206-3374, a New York area code, signed 'Ray from Novi.' The sender stated he 'drove by earlier' and referenced content from 'KF' (Kiwi Farms, a known internet harassment forum). This is plainly a third-party troll, not Respondent.

14. A second set of messages came from phone number +1 (734) 201-3942. These messages explicitly identify the sender as affiliated with 'KF' (Kiwi Farms) and state they 'posted some of it on KF.' These are anonymous internet actors who obtained case information from PACER (public federal court records), not from Respondent.

15. Most critically, one of those same messages, which Petitioner herself published, explicitly reveals the coordinated intent behind this third-party campaign: 'Is your husband just pretending not to care? ...Can we ruin his night and ask you and Joe to post a selfie? We believe that will make him react to the point to where you could probably get him arrested.' This is unambiguous evidence of a coordinated third-party scheme to manufacture a PPO violation and cause Respondent's arrest.

16. Petitioner's own public post on March 30, 2026 acknowledges she was 'getting more texts from Kiwi Farms this evening than I have in my entire online history,' and she explicitly referenced the Kiwi Farms origin of the contacts. Petitioner therefore knew or should have known these messages were not from Respondent.

#### **V. PETITIONER'S PUBLIC ACCUSATIONS CONSTITUTE BAD FAITH AND POTENTIAL CONTEMPT**

17. Despite possessing knowledge that the messages originated from Kiwi Farms trolls, Petitioner publicly declared she had 'confirmed from a reliable source' the messages came from Respondent's personal device, a demonstrably false statement broadcast to hundreds of viewers.

18. Petitioner's false 'removed' narrative compounds this bad faith. By publicly implying Respondent was expelled from his transitional housing by the Delonis Center, when in reality he had just signed a lease for a permanent apartment through a VA-coordinated housing program, Petitioner sought to portray Respondent as a homeless fugitive evading law enforcement. This narrative is false in every material respect.

19. This conduct mirrors the pattern documented in Respondent's pending Omnibus Motion in Limine: Petitioner has repeatedly used social media to

publicly accuse Respondent of conduct that is either fabricated or attributable to third parties, then attempts to leverage those public narratives as evidence in these proceedings.

20. Petitioner's professed 'fear' is directly contradicted by her active, casual social media engagement with the very individuals sending harassing messages, reposting their replies, joking in thread responses, and amplifying a false narrative rather than reporting genuine threats to law enforcement.

21. Respondent affirmatively denies under oath that he sent any messages to Petitioner, authorized any third party to contact Petitioner on his behalf, or had any involvement whatsoever with the individuals identified in Petitioner's screenshots. Respondent does not own or operate a 'Moto G Play' device on the Verizon network or any other carrier, and Petitioner's claimed 'confirmation' is fabricated.

**VI. PETITIONER'S SIGNAL AND FOOD DELIVERY CLAIMS ARE LIKEWISE FALSE, HER OWN POSTS PROVE THE SIGNAL ACCOUNT WAS AN UNRECOGNIZED CONTACT, AND WITNESSES CONFIRM RESPONDENT DID NOT ORDER THE DELIVERY**

22. In addition to the burner phone claims, Petitioner publicly alleged on or around March 27–29, 2026 that Respondent contacted her via Signal and arranged for an unsolicited Domino's Pizza delivery to her residence. Both claims are false and are refuted by Petitioner's own social media posts.

23. Regarding the Signal claim: Petitioner herself published a screenshot of the Signal interface showing an incoming message from an account named 'Dan Ferris.' The Signal application prominently displayed a 'Review Carefully' warning stating: 'Profile names are not verified' and 'No groups in common,' and prompted Petitioner to Block, Report, or Accept the message. This warning

appears precisely because the sender was an unknown, unverified contact with no prior connection to Petitioner's Signal account. If this had been Respondent's account, Petitioner would have had his contact saved and no such warning would have appeared.

24. More critically, Petitioner herself publicly admitted in a subsequent post that the name Dan Ferris, along with the name Avril referenced in the Signal message, were fictional personas she had invented. Petitioner publicly stated that these names were ones she made up years ago to help the parties resolve arguments by stepping back and addressing disputes as outsiders. By Petitioner's own public admission, these were private fictional names known only to the parties. Any person with knowledge of the case, including the Kiwi Farms trolls who had reviewed PACER filings and contacted Petitioner the same evening, could have used those names to impersonate Respondent. Petitioner's simultaneous claim that the Dan Ferris message constitutes a PPO violation and her own admission that the name was a private construct she invented are irreconcilable and demonstrate bad faith.

25. Respondent does not use Signal and did not send any messages to Petitioner via Signal. Respondent had no Signal account linked to his identity at the relevant time. Witnesses with regular, daily contact with Respondent during this period are prepared to attest that Respondent's phone use was minimal and that they did not observe Respondent using Signal or any other messaging application to contact Petitioner or anyone else during this period.

26. Regarding the Domino's Pizza delivery: Petitioner publicly posted a video showing a Domino's Pizza delivery to her residence, implying Respondent arranged it as a form of harassment. Respondent categorically denies ordering or arranging any food delivery to Petitioner's address. This tactic, known as 'pizza bombing', is a well-documented form of online harassment in which

anonymous third parties order unsolicited deliveries to a target's address. It is entirely consistent with the coordinated Kiwi Farms harassment campaign already documented in this Motion. Witnesses with knowledge of Respondent's activities during this period are prepared to attest that Respondent did not order any food delivery to Petitioner's address.

**VII. BOTH THE ANN ARBOR POLICE DEPARTMENT AND THE REDFORD TOWNSHIP POLICE DEPARTMENT INDEPENDENTLY INVESTIGATED PETITIONER'S REPORTS, FOUND THEM WITHOUT MERIT, AND DIRECTED RESPONDENT TO THIS COURT**

32. Notwithstanding the foregoing, Petitioner proceeded to file PPO violation reports with two separate law enforcement agencies based on the very messages that originated from third-party Kiwi Farms trolls and that could not have come from Respondent's device.

33. On or about March 30, 2026, Petitioner reported an alleged PPO violation to the Ann Arbor Police Department. The matter was reviewed by Officer McHenry of the Ann Arbor Police Department, who determined that the reported PPO violation was without merit and did not warrant Respondent's arrest. Officer McHenry advised Respondent to report Petitioner's conduct to this Court.

34. On or about March 30, 2026, Petitioner also reported an alleged PPO violation to the Redford Township Police Department. Officers reviewed the matter and likewise determined that the reported PPO violation was without merit and did not warrant Respondent's arrest. Redford Township Police Department personnel similarly advised Respondent to report Petitioner's conduct to this Court.

35. The independent conclusions of two separate police departments, each declining to act on Petitioner's reports and each directing Respondent to bring

Petitioner's conduct before this Court, constitute powerful corroboration that Petitioner's PPO violation claims lack any factual basis. Respondent now does exactly what both police departments advised: he brings this matter before this Honorable Court.

36. Petitioner's decision to file duplicative false reports with two separate law enforcement agencies on the same day, March 30, 2026, after her own social media posts established that the messages originated from Kiwi Farms trolls, constitutes a knowing and willful abuse of the PPO process and a waste of law enforcement resources across two jurisdictions. This conduct further supports the imposition of sanctions.

#### **VIII. RELIEF REQUESTED**

WHEREFORE, Respondent respectfully requests that this Honorable Court:

- A.** Issue an order formally finding that Respondent did not violate the PPO through: (i) the anonymous burner phone messages attributed to him on or about March 29-30, 2026; (ii) the 'Dan Ferris' Signal account, which Signal itself flagged as an unknown unverified contact and which used a fictional name Petitioner herself publicly admitted she invented; or (iii) an unsolicited Domino's Pizza delivery consistent with a coordinated third-party online harassment tactic;
- B.** Strike and disregard any PPO violation report or complaint arising from the messages identified in Petitioner's X.com posts, as those messages originated from anonymous third-party internet actors;
- C.** Issue an order finding that Petitioner's public claim that Respondent was 'removed' from the Delonis Center is false, and that Respondent's departure was a planned, VA-coordinated transition to permanent housing as evidenced by his executed lease agreement dated March 27, 2026;

**D.** Take judicial notice under MRE 201 of Petitioner's March 29-30, 2026 X.com posts as evidence of: (i) Petitioner's bad faith; (ii) Petitioner's knowing dissemination of false accusations; and (iii) the coordinated third-party scheme explicitly designed to manufacture grounds for Respondent's arrest;

**E.** Grant Respondent leave to file supplemental witness affidavits within fourteen (14) days of this Motion, confirming that Respondent has never possessed an Android device of any kind;

**F.** Issue an order finding that Petitioner's conduct in publicly attributing third-party messages to Respondent, while possessing contrary knowledge, while Respondent has never owned an Android device, and while falsely characterizing a planned housing transition as an expulsion, constitutes a violation of her duty of candor to the Court and an abuse of the PPO process;

**G.** Take judicial notice that both the Ann Arbor Police Department (Officer McHenry) and the Redford Township Police Department independently investigated Petitioner's PPO violation reports on March 30, 2026, found those reports to be without merit, declined to arrest Respondent, and advised Respondent to report Petitioner's conduct to this Court;

**H.** Award sanctions under MCR 2.114 against Petitioner for knowingly filing false and duplicative PPO violation reports with two separate law enforcement agencies; and

**I.** Grant any other relief this Court deems just and equitable.

Respectfully submitted,

### **VERIFICATION / AFFIDAVIT OF RESPONDENT**

I, Conrad Alan Rockenhaus, being duly sworn, state that I have read the foregoing Motion and that the facts stated therein are true to the best of my knowledge, information, and belief. I specifically affirm under penalty of perjury that:

1. I did not send, authorize, or direct any person to send any text messages or other communications to Petitioner Adrienne Rockenhaus on or around March 29-30, 2026, or at any other time in violation of the PPO;
2. I have never owned, possessed, or operated a Motorola Moto G Play or any other Android-based mobile device at any time;
3. My sole personal mobile device is and has been an Apple iPhone;
4. Multiple witnesses, including fellow residents from the Delonis Center in Ann Arbor, one of whom is temporarily residing with me at my current apartment, are prepared to submit sworn affidavits confirming that they have never observed me in possession of an Android device; and
5. I was not 'removed' from the Delonis Center. My departure was a planned transition to permanent housing coordinated by the Delonis Center and the U.S. Department of Veterans Affairs. I executed a lease for my new apartment at Meadowbrook Village on March 27, 2026; and
6. I did not contact Petitioner via Signal at any time. I do not use Signal and had no Signal account linked to my identity during the relevant period. The 'Dan Ferris' Signal account that messaged Petitioner was not mine. Petitioner herself

publicly admitted that 'Dan Ferris' was a fictional name she invented;

7. I did not order or arrange any food delivery, including Domino's Pizza, to Petitioner's address at any time. Witnesses are prepared to attest to both of the foregoing facts; and

8. On or about March 30, 2026, I was advised by Officer McHenry of the Ann Arbor Police Department that Petitioner's PPO violation report was without merit and that I should report her conduct to this Court. On the same date, I was similarly advised by the Redford Township Police Department that Petitioner's PPO violation report was likewise without merit and did not warrant my arrest, and that I should report her conduct to this Court.

Hi adezero, we reviewed your entire protective order against your husband along with the exhibits since it was posted to pacer as part of a judicial notice. We posted some of it on KF but we wanted to verify some other information

There's a email from Feb 9 between you and the same Kaycee Berente that you didn't include in the protective order packet but there's a claim that this email was forwarded by Kaycee to your husband and he reacted to it by filing the motions you cited in your protective order. Is this email authentic?

Is your husband just pretending not to care? Is he just in denial about the fact you've moved on? Can we ruin his night and ask you and Joe to post a selfie? We believe that will make him react to the point to where you could probably get him arrested.

Hi Conrad, we reviewed the protective order adezero got against you along with all of the exhibits from pacer and also looking into all of the social media posts but one of the questions that came up was are you staying at that shitty shelter in a2 as someone called it?

Also what do you think about adezero and Joe Prich living together and why did you

This is Conrad violating the protection order and it's actually fucking sick what he's doing.

"Dan Ferris" and "Avril" were names I made up for us years ago, to help us resolve our arguments. The fictional names were to help us step back from whatever the situation was, and resolve it as "outsiders".
