

STATE OF MICHIGAN
THIRD JUDICIAL CIRCUIT COURT, WAYNE COUNTY

ADRIENNE MARJORIE ROCKENHAUS,
Petitioner,

v.

CONRAD ALAN ROCKENHAUS,
Respondent.

Case No. 26-102221-PP

Hon. PPO Docket Judge

Hearing: April 29, 2026 at 11:30 AM (Zoom)

**RESPONDENT'S EXHIBIT INDEX AND SUBMISSION OF EVIDENCE
IN SUPPORT OF MOTION TO TERMINATE PERSONAL PROTECTION
ORDER
AND IN RESPONSE TO ORDER TO SHOW CAUSE**

NOW COMES Respondent, Conrad Alan Rockenhaus, appearing pro se, and hereby submits this Exhibit Index and the accompanying nineteen (19) exhibits for the Court's consideration at the hearing scheduled for April 29, 2026 at 11:30 AM via Zoom. Each exhibit is authenticated on its face, identified by its source, and accompanied by a brief statement of relevance to the matters at issue.

The exhibits are offered in support of the following propositions: (1) the ex parte Personal Protection Order entered February 20, 2026 was not filed in response to any genuine apprehension of imminent harm but was filed in retaliation for Respondent's February 17, 2026 revocation of Petitioner's Power of Attorney over his federal disability benefits; (2) personal service of the PPO on Respondent on March 2, 2026 was defective and failed to comply with MCR 3.706, and Petitioner has separately obstructed Respondent's lawful service of the Motion to Terminate the PPO; (3) the alleged PPO violations that are the subject of the pending Order to Show Cause are factually false and are refuted by sworn third-party evidence; and (4) Petitioner

actively attempted to suborn false statements from a third party to federal medical authorities and state law enforcement on the day of Respondent's release from federal custody, demonstrating willingness to manufacture supporting evidence for the allegations underlying the PPO.

INDEX OF EXHIBITS

Ex.	Title	Purpose
1	Feb. 9, 2026 Email, Petitioner to Federal Defender Kaycee Berente	Petitioner announces the "Restraining Order" eleven days pre-filing and identifies its purpose as barring Respondent from "accessing financial assets."
2	Feb. 12, 2026 Email, Petitioner to Federal Defender Kaycee Berente	Petitioner states intent to file PPO "at 8:00 AM tomorrow" (Feb. 13); PPO not actually filed for eight additional days.
3	Revocation of Power of Attorney, Certified Mail Service Feb. 17, 2026	Delivery date is the actual trigger for the PPO filing three days later. Establishes financial motive.
4	Feb. 14, 2026 Public X Post, "Happy Valentine's Day, Conrad [broken heart emoji]"	Petitioner's public sentimental post to Respondent six days before seeking ex parte restraining order against him.
5	EJK Group Residential Lease, 26695 Ross Drive, Redford, MI	Both parties named as co-lessees. Rebuts Petitioner's statement to police that Respondent "never lived" at the address.
6	Order Regarding Alternate Service	Court order authorizing Respondent to serve Petitioner through specified alternate methods, including service through designated agents acting on Respondent's behalf, due to Petitioner's evasion of standard service. Establishes Ann Helgren's status as a court-authorized agent for service of Respondent's filings on Petitioner.
7	Motion for Alternate Service with Process Server Narrative, Mar. 26, 2026	Motion for Alternate Service (JC 46) executed by Respondent in pro per. Incorporates contemporaneous narrative of attempted personal service of Respondent's Motion to Terminate the PPO on Petitioner at her Ross Drive residence on March 26, 2026, in which the resident at Petitioner's home, with Petitioner's vehicle in the driveway, represented to the process server that Petitioner herself was unknown at that location.
8	Redford Township Police Case Report No. 260003379, Mar. 2, 2026	Documents (a) Petitioner's false statement to police, (b) defective PPO service, (c) neighbor Ann Helgren identified as "friends with both."
9	BP-A0629 Spouse Visitation Application, Nov. 5, 2025	Sworn federal form where Petitioner persistently pursued visitation with Respondent 107 days before PPO filing.

Ex.	Title	Purpose
10	December 22, 2025 Letter, Petitioner to Respondent	Voice-to-text letter dated 12/22/25, sixty (60) days before PPO filing. Petitioner explicitly disclaims grievance (“we don't think any of this is your fault”), expresses present-tense affection (“I love you so much”; “You mean everything to me”), and references future plans together. Contradicts the fear narrative the petition advances.
11	U.S. Department of Veterans Affairs Payment History, Oct. 2025–Mar. 2026	Quantifies \$26,837.87 in federal disability benefits at stake in the revocation that triggered the PPO filing. Pay-date column reflects the date of disbursement; under 38 C.F.R. § 3.31, monthly VA payments are advanced when the first of the month falls on a weekend or federal holiday. The line item dated February 27, 2026 is the March 2026 payment, paid early because March 1, 2026 was a Sunday.
12	Affidavit of Brian Howell, Notarized Apr. 10, 2026	Sworn third-party witness refuting the Motorola Moto G Play / Android allegations in Petitioner's Motion to Show Cause.
13	BOP Notice of Release, Mar. 2, 2026	Official custody timeline establishing Respondent's continuous federal incarceration Sept. 4, 2025 through Mar. 2, 2026.
14	Affidavit of Conrad Alan Rockenhaus, Notarized Apr. 24, 2026, with Supplemental Affidavit Notarized Apr. 25, 2026	Respondent's sworn statement under penalty of perjury in support of Motion to Terminate. Component 1 (notarized April 24, 2026) addresses each operative factual element of the Petition with personal-knowledge testimony. Component 2 (Supplemental Affidavit, notarized April 25, 2026) addresses three categories of evidence added to the bundle after the original affidavit: authentication of the March 4, 2026 email (Exhibit 18), the 38 C.F.R. § 3.31 early-pay convention establishing that the February 27, 2026 line item on Exhibit 11 is the March 2026 VA payment, and the March 26, 2026 process-server attempt narrative incorporated into Exhibit 7.
15	Affidavit of Ann Helgren, Notarized Apr. 24, 2026	Sworn third-party eyewitness to the events of March 2, 2026. Testifies that Petitioner instructed her to make false statements to the Veterans Administration regarding Respondent's mental health, witnessed Petitioner's false residency statement to Redford police, and ended the long-standing friendship the next day after Helgren refused to corroborate the false statements.
16	Affidavit of Kevin Chavous, Notarized Apr. 24, 2026	Sworn third-party witness corroborating Exhibit 12 (Howell). Testifies from personal observation throughout the March 2026 period, including March 27–30, 2026, that Respondent possessed only an Apple iPhone and did not possess or use any Android device or Signal messaging application.
17	Affidavit of Deandre Connor, Notarized Apr. 24, 2026	Sworn third-party witness corroborating Exhibit 12 (Howell). Testifies from personal observation throughout the March 2026 period, including March 27–30, 2026, that Respondent possessed only an Apple iPhone and did not possess or use any Android device or Signal messaging application.

Ex.	Title	Purpose
18	Complete March 4, 2026 Email, Respondent to Rob Hein and Ann Helgren	Complete and unredacted text of the March 4, 2026 4:17 AM email, with full headers, sent simultaneously to Rob Hein (Petitioner's nephew) and Ann Helgren (Petitioner's longstanding friend, see Exhibit 15). Counters Petitioner's Exhibit J to her Motion to Show Cause, which presented two iPhone screenshots of the same email truncated at two cutoffs. The complete email contradicts each of the four characterizations in Petitioner's Exhibit J cover sheet ("burner account," "stalking," "extortion," "fabricated" mental health claims) on the face of the email's own text and headers. Includes as Component 2 the Notice of Change of Address filed by Respondent in pro per in U.S. District Court for the Eastern District of Michigan on March 9, 2026, identifying the same address as Respondent's federal court address of record.
19	Google Family Group Membership Notifications, February 17, 2026	Two automated Google notifications, both addressed to Ann Helgren and dated February 17, 2026 (12:36 AM and 12:59 AM), informing Helgren as an existing member of Petitioner's Google Family Group that Petitioner had added a third party named "Richard Montano" to that group. Establishes that Helgren was a current member of Petitioner's intimate-trust digital household eleven days before Petitioner filed the ex parte PPO petition naming Helgren as a harasser on Respondent's behalf, contradicting the foundational premise of the PPO theory regarding Helgren.

SUMMARY OF EVIDENCE BY ARGUMENT

I. The PPO was filed for financial motive, not fear.

Exhibits 1, 2, 3, 4, 11, and 14 collectively establish that the Personal Protection Order was filed in retaliation for the February 17, 2026 revocation of Petitioner's access to Respondent's federal disability benefits. Exhibit 1 (Feb. 9 email to federal defender) announces the restraining order eleven days pre-filing and identifies its purpose as barring Respondent from "accessing financial assets." Exhibit 2 (Feb. 12 email) states Petitioner would file "at 8:00 AM tomorrow," yet filing did not occur for eight additional days, demonstrating the filing was leverage and not a response to imminent fear. Exhibit 3 (Feb. 17 certified revocation) is the actual trigger: three days after the financial access was revoked, the PPO was filed. Exhibit 4 (Feb. 14 Valentine's Day post) is materially inconsistent with any allegation of contemporaneous fear. Exhibit 11 (VA payment history) quantifies the financial stake at \$26,837.87. Exhibit 14 (Affidavit of Conrad Alan Rockenhaus) provides Respondent's sworn corroboration of the timeline and the financial predicate.

II. Service-related defects and Petitioner's obstruction of Respondent's lawful service.

Two distinct service-related issues bear on the case. First, the personal service of the Personal Protection Order on Respondent on March 2, 2026 was defective and failed to comply with MCR 3.706. Exhibit 8 (Redford Township Police Case Report) and Exhibit 15 (Affidavit of Ann Helgren) establish that on March 2, 2026, the responding officer read the conditions of the PPO to Respondent from Petitioner's own cell phone screen. No physical copy of the order was given to Respondent. The only written form of the order Respondent had upon leaving the scene was photographs of the order taken with Helgren's cell phone. Neither the phone-screen reading nor the photograph substitution complies with MCR 3.706. Second, Petitioner has actively obstructed Respondent's lawful service of the Motion to Terminate the Personal Protection Order. Exhibit 6 (Order Regarding Alternate Service) is the Court's order authorizing

Respondent to serve Petitioner through specified alternate methods, including service through designated agents acting on Respondent's behalf, due to Petitioner's evasion of standard service. The Order establishes that Ann Helgren was a court-authorized agent for service of Respondent's filings on Petitioner. Exhibit 7 (Motion for Alternate Service with Process Server Narrative, March 26, 2026) documents that on March 26, 2026, when a private process server hired by Respondent attempted to serve Petitioner at her Ross Drive residence while Petitioner was at home with her vehicle in the driveway, the person who answered the door represented that Petitioner herself was unknown at that location, obstructing service of Respondent's pleadings. Petitioner subsequently characterized service of Respondent's filings by court-authorized agent Ann Helgren as "harassment," despite the Order Regarding Alternate Service expressly authorizing such service. The pattern, in which Petitioner first obstructs lawful service of Respondent's pleadings on her and then characterizes the court-authorized service ultimately effected through a designated agent as misconduct, is itself probative of bad-faith use of the Personal Protection Order as a litigation instrument. Exhibit 19 (Google Family Group Membership Notifications) further establishes that as of February 17, 2026, eleven (11) days before Petitioner filed the ex parte PPO petition naming Helgren as a third party engaged in "harassment" on Respondent's behalf, Helgren was a current member of Petitioner's own Google Family Group, a digital intimate-trust household-sharing arrangement. The characterization of Helgren as a harassment-by-proxy actor is therefore inconsistent with Petitioner's own contemporaneous conduct toward Helgren as recently as eleven days pre-PPO.

III. The alleged fear is contradicted by contemporaneous conduct directly inconsistent with fear.

Exhibits 4, 9, 10, and 14 establish that during the months immediately preceding the ex parte PPO filing, Petitioner was actively seeking increased contact with Respondent, expressing present-tense affection, and engaging in conduct

inconsistent with the fear narrative the petition advances. Exhibit 9 (BP-A0629 Spouse Visitation Application, Nov. 5, 2025) is a sworn federal form submitted in three attempts to visit Respondent at FCI Milan, 107 days before the PPO filing. The act of voluntarily seeking confined-setting visitation with the person one later characterizes as a danger is not consistent with a contemporaneous apprehension of imminent harm. Exhibit 10 (December 22, 2025 letter) is a contemporaneous communication from Petitioner to Respondent, sixty (60) days before the ex parte PPO filing, in which Petitioner explicitly states “we don't think any of this is your fault,” expresses present-tense affection (“I love you so much, Conrad”; “You mean everything to me”), and discusses specific future plans together (“dancing, walks with Toro or just sitting watching Maury with Autumn purring between us”). The letter is a direct expression of state of mind under MRE 803(3), authored sixty days before the petition that recites months of fear. Exhibit 4 (Feb. 14 Valentine's Day public X post) further demonstrates Petitioner's willingness to publicly address Respondent in sentimental terms during the same window in which she was preparing the ex parte petition. Exhibit 14 provides Respondent's sworn personal-knowledge account of Petitioner's pre-PPO communications and contact patterns.

IV. Petitioner has misrepresented Respondent's residency to law enforcement.

Exhibits 5, 8, 14, and 15 together establish that Petitioner made a demonstrably false statement to Redford Township Police on March 2, 2026 when she represented that Respondent had “never lived” at 26695 Ross Drive. Exhibit 5 (EJK Group Residential Lease) conclusively establishes that Respondent is a named co-lessee of that address for the term September 1, 2025 through August 31, 2026. Exhibit 8 (Redford PD Case Report) documents Petitioner's statement. Exhibit 14 (Affidavit of Conrad Alan Rockenhaus) sets forth Respondent's sworn account of his residency at 26695 Ross Drive. Exhibit 15 (Affidavit of Ann Helgren) provides sworn third-party testimony that Helgren was personally present when Petitioner made the false residency

statement to police, that Helgren refused to corroborate it, and that Helgren had personal knowledge that Respondent had resided at the address. A petitioner who makes demonstrably false statements to law enforcement about a respondent in order to exclude him from a jointly-leased residence is not acting consistently with genuine fear.

V. The alleged PPO violations are refuted by sworn third-party evidence.

Exhibits 12, 13, 14, 16, and 17 refute the factual basis of the Motion to Show Cause. Exhibit 12 (Affidavit of Brian Howell, notarized Apr. 10, 2026) attests from personal knowledge that Respondent did not possess any Motorola Moto G Play or other Android device during the period of alleged violations of March 29–30, 2026. Exhibit 13 (BOP Notice of Release) establishes that Respondent was in continuous federal custody from September 4, 2025 through March 2, 2026, constraining the temporal scope of any alleged pre-release contact. Exhibit 14 (Affidavit of Conrad Alan Rockenhaus) is Respondent's sworn personal-knowledge statement that he has owned only an Apple iPhone and has not possessed or used any Android device, Motorola Moto G Play, or Signal messaging application at any time relevant to the alleged violations. Exhibits 16 (Chavous) and 17 (Connor) are sworn third-party corroborating affidavits from witnesses who were frequently in Respondent's physical presence during March 2026, including the specific dates of March 27–30, 2026, and who personally observed that Respondent possessed only an Apple iPhone during this period. Three independent, mutually consistent sworn affidavits and Respondent's own sworn personal-knowledge statement rebut the factual predicate of the Motion to Show Cause.

VI. Petitioner attempted to suborn false statements from a third party to federal medical authorities and state law enforcement on March 2, 2026.

Exhibit 15 (Affidavit of Ann Helgren) establishes through sworn third-party testimony that on March 2, 2026, the day of Respondent's release from federal custody,

Petitioner instructed Helgren to make false statements to two separate institutions: (a) the Veterans Administration, by stating to VA staff that Respondent was suicidal when Helgren had no factual basis for that statement and directly observed that Respondent was not suicidal; and (b) the Redford Township Police, by corroborating Petitioner's false statement that Respondent had never resided at 26695 Ross Drive. Helgren refused both requests, and Petitioner persisted in the suicide-related demand even after responding officers had independently assessed Respondent and determined he was not suicidal. When Helgren transported Respondent to the Veterans Administration in her personal vehicle, Petitioner instructed Helgren to abandon Respondent at the VA facility and threatened to end the friendship over Helgren's refusal. The next day, March 3, 2026, Petitioner did end the friendship. This sworn third-party testimony is independently probative of Petitioner's willingness to manufacture supporting evidence for the allegations underlying the PPO and the Motion to Show Cause, and it bears directly on the credibility of Petitioner's sworn allegations across the entire record.

VII. Petitioner's Exhibit J to the Motion to Show Cause mischaracterizes a truncated email and does not support the alleged contempt.

Exhibit 18 (complete March 4, 2026 email, with full headers) establishes that Petitioner's Exhibit J to her Motion to Show Cause is a partial-record filing that mischaracterizes the underlying communication on four separate grounds, each of which is contradicted by the email's own text or its own header information. First, Petitioner's Exhibit J characterizes the sending address conradrockenhaus2@gmail.com as a "burner account"; the address is in fact Respondent's address of record on multiple federal court filings and on his VA.gov account. Second, Petitioner's Exhibit J characterizes the email as "stalking via indirect contact"; Ann Helgren is in fact a TO recipient of the email at her own anniehelgren@gmail.com address, not a third-party intermediary, and Helgren is Petitioner's own longstanding friend (Exhibit 15). The email expressly states that

Respondent has “no desire to see or contact [Petitioner]” absent third-party communication, which is a renunciation rather than a stalking communication. Third, Petitioner's Exhibit J characterizes the financial language in the email as “back-alley extortion regarding [Respondent's] March funds”; the complete email reflects a voluntary \$2,000-per-month support offer made specifically to protect Petitioner from VA recoupment exposure, the structural opposite of extortion. Fourth, Petitioner's Exhibit J characterizes the statement about Petitioner's discontinuation of Abilify as a “fabricated” weaponization of mental health; the statement is in fact attributed in the email itself to a recorded telephone call from Livingston County Jail during Respondent's incarceration, and that recording is preserved by the facility under standard call-monitoring protocols and is subpoenaable. Beyond the four characterization errors, Petitioner's Exhibit J is two iPhone screenshots that cut off mid-sentence in two places, with the email's closing paragraphs and signature missing. Independent of the content of the email, the contempt theory anchored on the email fails on a threshold legal question: as established in Section II, personal service of the PPO on Respondent on March 2, 2026 was defective under MCR 3.706. If the PPO was not validly served on March 2, 2026, it was not in active enforcement against Respondent on March 4, 2026 for purposes of MCL 600.2950(23) contempt.

CONCLUSION

Respondent respectfully requests that the Court (a) terminate the Personal Protection Order entered February 20, 2026 for lack of good cause; (b) deny the Motion to Show Cause for failure to establish the alleged violations; (c) enter findings of fact addressing the evidentiary deficiencies in the Petition; and (d) grant such further relief as the Court deems just and proper.

Respectfully submitted,

/s/ Conrad Alan Rockenhaus
