

**STATE OF MICHIGAN
THIRD JUDICIAL CIRCUIT COURT, WAYNE COUNTY**

ADRIENNE MARJORIE ROCKENHAUS, Petitioner,

v.

CONRAD ALAN ROCKENHAUS, Respondent.

Case No. 26-102221-PP

Hon. PPO Docket Judge

Hearing: April 29, 2026 at 11:30 AM (Zoom)

EXHIBIT 19

Google Family Group Membership Notifications, February 17, 2026

Description:

Two automated Google notifications, both addressed to Ann Helgren at anniehelgren@gmail.com, both generated by Google's families-noreply service (families-noreply@google.com) on February 17, 2026 at 12:36 AM and 12:59 AM Eastern. The notifications informed Helgren, in her capacity as an existing current member of Petitioner's Google Family Group, that Petitioner had added a third party named "Richard Montano" to that same Google Family Group, twice within twenty-three minutes, using two different Gmail addresses (sostaosunderground1@gmail.com and sierranevadasos@gmail.com). The notifications were forwarded to Respondent in original form, with full headers preserved, by Helgren on April 25, 2026.

Relevance:

These two contemporaneous Google-generated notifications establish a documentary fact dispositive on the foundational premise of Petitioner's PPO theory regarding Helgren. As of February 17, 2026, eleven (11) days before Petitioner filed the ex parte PPO petition naming Helgren as a third party engaged in "harassment" on Respondent's behalf, Petitioner had Helgren as a current member of Petitioner's own Google Family Group. A Google Family Group is a digital household-level service-sharing arrangement: members share a single payment method on file, see one another's purchase history through Google services, share Google One storage and YouTube Premium subscriptions, and have visibility into shared calendars and family-photo libraries. It is not a casual association. It is a digital intimate-trust relationship that Google has designed for spouses, domestic partners, parents, and children. A person who is sufficiently afraid of another individual to seek emergency ex parte protection on February 20, 2026 is not a person who, three days earlier, retains that individual in her shared digital household while adding a new third party to that same household with the existing member still in place. Beyond the dispositive showing on the PPO theory, the notifications additionally establish that on February 17, 2026, the same date Respondent's certified Revocation of Power of Attorney was delivered to Petitioner (see Exhibit 3), Petitioner was extending intimate-trust digital household access to a third party named "Richard Montano," whose identity is the subject of pending discovery in the related Wayne County Circuit Court divorce action.
