

STATE OF MICHIGAN
IN THE THIRD JUDICIAL CIRCUIT FOR THE COUNTY OF WAYNE
FAMILY DIVISION, DOMESTIC RELATIONS

ADRIENNE MARJORIE ROCKENHAUS,
Plaintiff,

v.

CONRAD ALAN ROCKENHAUS,
Defendant.

Case No. **26-104594-DO**

Hon. **Yvonna C. Abraham**

**DEFENDANT'S ANSWER TO VERIFIED COMPLAINT FOR DIVORCE,
AFFIRMATIVE DEFENSES, AND COUNTERCLAIM**

NOW COMES Defendant, **Conrad Alan Rockenhaus**, appearing pro se, and for his Answer to Plaintiff's Verified Complaint for Divorce, Affirmative Defenses, and Counterclaim, states as follows:

PART I. ANSWER TO VERIFIED COMPLAINT

1. As to Paragraph 1, Defendant admits that this Court has general subject matter jurisdiction over divorce proceedings pursuant to MCL 552.6. Defendant denies that venue is proper in Wayne County and has filed a separate Motion for Change of Venue contemporaneously herewith. Defendant admits that Plaintiff has resided in Michigan for at least 180 days and does not dispute Plaintiff's residency in Wayne County for the statutory period. However, Plaintiff's residency in Wayne County does not establish proper venue where the last shared marital domicile was in Washtenaw County and Plaintiff's own complaint admits Defendant never resided in Wayne County.
2. As to Paragraph 2, Defendant admits that the parties were legally married on May 20, 2023, in Clarkston, Michigan (Oakland County).
3. As to Paragraph 3, Defendant admits that there are no children born to the marriage.
4. As to Paragraph 4, Defendant lacks sufficient knowledge or information to form a belief as to whether Plaintiff is pregnant and therefore denies the same.
5. As to Paragraph 5, Defendant admits that the parties did not acquire ownership of real property during the marriage.
6. As to Paragraph 6, Defendant admits that there may be assets and debts subject to equitable division, but denies that Plaintiff is entitled to any share of Defendant's VA Disability Compensation or SSDI benefits, which are federally protected separate property. A separate Brief Regarding Federal Preemption has been filed contemporaneously herewith.
7. As to Paragraph 7, Defendant admits the parties' legal names as stated.
8. As to Paragraph 8, Defendant admits that he was convicted in the United States District Court for the Eastern District of Texas and that restitution was ordered. Defendant states

that both the conviction and the restitution order predate the parties' marriage on May 20, 2023, and are therefore premarital obligations that are not subject to equitable division as marital debt. Defendant denies that this conviction is relevant to the claims in the complaint and further states that Plaintiff's inclusion of the criminal history is intended to prejudice this Court.

9. As to Paragraph 9, Defendant admits that he was released from federal custody on March 2, 2026, and that an ex parte Personal Protection Order was served on that date. Defendant denies that his "current residence or whereabouts are unknown." Plaintiff has known Defendant's whereabouts at all times. Plaintiff's own actions in revoking her residence as a release option directly caused Defendant to be released to the Robert J. Delonis Center homeless shelter at 312 W. Huron Street, Ann Arbor, Michigan 48103, a fact known to Plaintiff at the time this complaint was filed. Plaintiff's counsel subsequently served Defendant at his current address of 1690 Brookfield Drive, Ann Arbor, Michigan 48103 on April 14, 2026, further confirming knowledge of Defendant's whereabouts. The statement that Defendant's whereabouts are "unknown" is false and was included in the complaint to mislead this Court.
10. As to Paragraph 10, Defendant admits that the parties resided in a rental in the Ann Arbor, Michigan area, specifically at 2468 Fernwood Avenue, Ann Arbor, Washtenaw County, Michigan 48104, from 2024 through September 30, 2025. Plaintiff began transitioning to the Ross Drive address in early September 2025, but the parties maintained the Fernwood Avenue residence as their shared marital domicile through the end of the lease on September 30, 2025. This was the last shared marital domicile of the parties, located in Washtenaw County, and is the basis for proper venue in Washtenaw County rather than Wayne County.
11. As to Paragraph 11, Defendant admits that Plaintiff moved into a rental at 26695 Ross Drive, Redford Township, Michigan (Wayne County). Defendant denies that he "spent only one night at this address." Defendant was present at the Ross Drive property on multiple occasions during August and September 2025, assisting with the move from Fernwood Avenue while Plaintiff was vacationing in Colorado. Defendant possesses a valid lease for this property bearing both parties' names, effective September 1, 2025 through August 31, 2026. U.S. Marshals Service surveillance records from this period will confirm Defendant's presence at the Ross Drive address on multiple dates prior to his arrest. Witness statements from the landlord and neighbors will further confirm that Defendant was present at the property on multiple occasions. However, the Fernwood Avenue residence remained the parties' primary shared marital domicile through September 30, 2025, as both parties continued to maintain that residence during the transition. Ross Drive was never established as a shared marital domicile, and venue in Wayne County remains improper. A separate Motion for Change of Venue has been filed contemporaneously.
12. As to Paragraph 12, Defendant admits that Plaintiff currently resides at the Redford, Michigan address.
13. As to Paragraph 13, Defendant admits that an ex parte PPO was granted on February 20, 2026 (Case No. 26-102221-PP). Defendant denies that the PPO was obtained for legitimate protective purposes. Defendant has filed a Motion to Terminate the PPO, supported by extensive evidence demonstrating that the PPO was filed in retaliation for Defendant's revocation of Plaintiff's Power of Attorney, his filing of a Motion to Sever Plaintiff from his federal Bivens civil rights lawsuit (*Rockenhaus v. Agapiou*, Case No. 2:25-cv-12716, E.D. Mich.), and his public notification to the federal court in his Habeas Corpus proceeding (*Rockenhaus v. Pringle*, Case No. 2:25-cv-12913, E.D. Mich.) that Plaintiff was no longer acting in Defendant's best interest. The PPO was filed precisely 48 hours after the Motion

to Sever, and eleven days after Plaintiff admitted in writing to Defendant's federal appellate attorney that she intended to secure a restraining order to render Defendant homeless and prevent him from accessing his financial assets.

14. As to Paragraph 14, Defendant admits that an Order to Show Cause was issued and is set for hearing on April 29, 2026. Defendant denies the underlying allegations of any PPO violation and will file a detailed response to the Motion to Show Cause in the PPO proceeding.
15. As to Paragraph 15, Defendant admits that there has been a breakdown of the marriage relationship. Defendant states that this breakdown was caused by Plaintiff's diversion of Defendant's federally protected disability benefits, her filing of a retaliatory PPO, her false statements to law enforcement, and her deliberate actions to render Defendant homeless upon his release from federal custody.
16. Defendant denies all allegations not specifically admitted herein.

PART II. AFFIRMATIVE DEFENSES

First Affirmative Defense: Improper Venue

17. Venue is improper in Wayne County. The last shared marital domicile of the parties was 2468 Fernwood Avenue, Ann Arbor, Washtenaw County, Michigan, where the parties resided together from 2024 through September 30, 2025. Plaintiff's own complaint (Paragraph 11) admits that Defendant "spent only one night" at the Ross Drive address in Wayne County. Defendant has continuously resided in Washtenaw County and filed his own Complaint for Divorce in the Washtenaw County Circuit Court on April 10, 2026, Case No. 26-737-DO. A separate Motion for Change of Venue has been filed contemporaneously.

Second Affirmative Defense: Prior Pending Action

18. A substantially identical divorce action between the same parties is pending in the Washtenaw County Circuit Court, Case No. 26-737-DO, filed April 10, 2026, one day after the instant action. The Washtenaw County action involves the same marriage, the same parties, and encompasses all claims and issues raised herein. Plaintiff was served with the Washtenaw County complaint on April 14, 2026, through her counsel's process server, who acknowledged receipt on Plaintiff's behalf.

Third Affirmative Defense: Unclean Hands

19. Plaintiff comes before this Court with unclean hands. Plaintiff, while acting as Defendant's SSA Representative Payee and holder of his Power of Attorney, diverted and withheld Defendant's Social Security Disability Insurance benefits. Plaintiff additionally diverted Defendant's VA Disability Compensation (approximately \$4,317 to \$4,764 per month) by using Defendant's id.me credentials to access his va.gov account without authorization and redirecting his direct deposit to accounts under her control. The VA Office of Inspector General has initiated a formal investigation (Case No. 2026-18750), and the Social Security Administration has issued a formal demand for the return of \$12,074.50 in overpayments paid to Plaintiff as Representative Payee. The Ann Arbor Police Department is conducting a parallel criminal investigation (Case No. 26-11892).

Fourth Affirmative Defense: Fraud and Misrepresentation

20. Plaintiff has engaged in a pattern of fraud and misrepresentation across multiple proceedings. In her Verified Complaint (Paragraph 9), Plaintiff states that Defendant's "current residence or whereabouts are unknown." This is false. Plaintiff knew Defendant was at the Robert J. Delonis Center homeless shelter because she caused his release there.

Plaintiff further demonstrated knowledge of Defendant's whereabouts by personally forwarding a photograph envelope, originally sent by Defendant from FCI Milan to Plaintiff before the PPO existed, to Defendant at the Delonis Center shelter address, affirmatively locating him and initiating mail contact while simultaneously maintaining a PPO that prohibits him from contacting her. Plaintiff's own Verified Statement filed with this Court lists Defendant's phone number as (254) 340-7910 and his email address as conradrockenhaus2@gmail.com, further demonstrating that Plaintiff knew Defendant's contact information at the time she swore his whereabouts were "unknown." Plaintiff also contacted Defendant's assigned Veterans Homelessness Social Worker, Krystal McConico, at the Delonis Center, and Delonis Center staff in March 2026 in an attempt to have Defendant removed from the homeless shelter, the only housing Defendant had because Plaintiff's own actions rendered him homeless. Plaintiff obtained the PPO based on allegations contradicted by contemporaneous BOP-authenticated TRULINCS emails, handwritten love letters, Priority Mail Christmas packages, and nine sworn federal court declarations filed as Defendant's "wife and next friend" between September 2025 and January 2026.

Fifth Affirmative Defense: Judicial Estoppel

21. Plaintiff is judicially estopped from claiming Wayne County as the proper venue. Plaintiff's own complaint admits Defendant spent "only one night" at the Ross Drive address. Plaintiff has simultaneously maintained in the PPO petition, in statements to the Redford Township Police Department on March 2, 2026, and in nine sworn declarations filed in federal court (*Rockenhaus v. Agapiou*, Case No. 2:25-cv-12716, and *Rockenhaus v. Pringle*, Case No. 2:25-cv-12913, E.D. Mich.) that Defendant never resided at Ross Drive. Plaintiff cannot claim Wayne County venue based on an address she has sworn under oath Defendant never lived at.

Sixth Affirmative Defense: Retaliatory Filing

22. Plaintiff's filing of this divorce action, like her filing of the PPO on February 20, 2026, constitutes part of a coordinated retaliatory campaign. On February 9, 2026, Plaintiff sent written communications to Defendant's federal appellate attorney stating that she was "immediately retaining family counsel to secure a Restraining Order" and that she had "formally revoked [her] residence as a release option." Plaintiff admitted in writing that the joint bank account designated for Defendant's VA benefits had been closed, that she planned to file a restraining order to render Defendant homeless and prevent him from accessing financial assets, and that Defendant "will be released with \$0.00 accessible cash." Critically, in the same communication, Plaintiff demonstrated her awareness that Defendant was powerless to protect himself from her actions while incarcerated, writing that Defendant "cannot open a new FDIC-insured bank account from prison without access to two forms of ID and the internet" and that "there is no destination for those funds." Plaintiff further stated that the restraining order would ensure "[h]e will not be able to open an account to redirect funds for the same reason." Plaintiff was not merely aware that Defendant would be destitute, she engineered it, documented it, and ensured he had no means of escape while behind bars. The PPO was filed eleven days later.

Seventh Affirmative Defense: Improper Use of Privileged Information

23. Plaintiff has improperly obtained and weaponized Defendant's confidential medical records, prescription records, private email communications, and BOP TRULINCS prison correspondence through her former role as Defendant's Power of Attorney holder and approved employer. These records were obtained under fiduciary obligations and are protected by the physician-patient privilege (MCL 600.2157), spousal communication

privilege (MCL 600.2162), and HIPAA. Plaintiff's use of these records adversarially, including Defendant's VA psychiatric records, his private Viagra prescription history, and selectively presented TRULINCS emails, constitutes a breach of fiduciary duty and a violation of Defendant's constitutional right to privacy.

PART III. COUNTERCLAIM FOR DIVORCE

Defendant/Counter-Plaintiff **Conrad Alan Rockenhaus**, for his Counterclaim against Plaintiff/Counter-Defendant **Adrienne Marjorie Rockenhaus**, states as follows:

I. Parties and Jurisdiction

24. Counter-Plaintiff Conrad Alan Rockenhaus is a resident of the County of Washtenaw, State of Michigan, having resided in Washtenaw County for more than 180 days. Counter-Plaintiff's address is 1690 Brookfield Drive, Ann Arbor, Michigan 48103.
25. Counter-Plaintiff is a United States Navy veteran with over fifteen years of active duty service, rated 100% service-connected disabled by the Department of Veterans Affairs for combat-related Traumatic Brain Injury with seizure disorder, PTSD, obstructive sleep apnea, and migrainous headaches. His VA Disability Compensation and SSDI constitute his sole sources of income.

II. Grounds for Divorce

26. There has been a breakdown of the marriage relationship to the extent that the objects of matrimony have been destroyed and there remains no reasonable likelihood that the marriage can be preserved, within the meaning of MCL 552.6.

III. Financial Misconduct: Unauthorized Access to Federal Accounts

27. Counter-Defendant diverted Counter-Plaintiff's federally protected VA Disability Compensation by using Counter-Plaintiff's id.me credentials to access his va.gov account without authorization and redirecting his direct deposit to bank accounts under her control. Counter-Defendant was not Counter-Plaintiff's VA fiduciary or representative payee and had no legal authority to access or redirect these funds. This constitutes unauthorized access to a federal government account and unauthorized diversion of federally protected veteran disability benefits.
28. VA Payment History records document payments ranging from \$4,317 to \$4,764 per month during the period from September 2025 through February 2026, totaling approximately \$26,837.87. These records document the routing numbers and account numbers to which funds were directed, establishing a clear documentary trail of the diversion. A returned payment on October 1, 2025 for \$4,673.44 was marked "Undeliverable: Bad Address", during the same period Counter-Defendant sent Counter-Plaintiff a TRULINCS email on October 28, 2025 stating "The VA pay has not been deposited for this month." This was a material misrepresentation made to conceal the ongoing diversion of funds.

IV. Financial Misconduct: SSA Representative Payee Fraud

29. Counter-Defendant received Counter-Plaintiff's SSDI benefits in her capacity as his SSA-appointed Representative Payee, totaling approximately \$12,489.00. As Representative Payee, Counter-Defendant had a federal fiduciary duty under 42 U.S.C. §405(j) to use these funds solely for Counter-Plaintiff's benefit. Counter-Defendant violated this duty by retaining the funds for her own use while Counter-Plaintiff was incarcerated and unable to monitor his accounts.

30. The SSA has documented an overpayment of \$12,074.50 and issued a formal demand for the return of funds, addressed to "Adrienne Rockenhaus FOR Conrad A Rockenhaus" at Counter-Defendant's Farmington Hills mailbox. Counter-Defendant affirmatively misrepresented to both Counter-Plaintiff and his appellate attorney that SSDI payments had been "suspended" while she was actively receiving and retaining them.
31. Evidence of Counter-Defendant's premeditated financial separation predates the PPO by several months. In or about October 2025, while simultaneously collecting Counter-Plaintiff's VA Disability Compensation and SSDI benefits, Counter-Defendant filed federal income tax returns for both the 2023 and 2024 tax years using the filing status of "married filing separately." When Counter-Defendant informed Counter-Plaintiff of this decision via TRULINCS email, Counter-Plaintiff expressed confusion because filing separately resulted in a significantly higher tax liability for Counter-Defendant. The decision to file separately while continuing to collect Counter-Plaintiff's federal benefits demonstrates a deliberate strategy to distance herself financially from Counter-Plaintiff on paper while maintaining access to his income, months before she claimed to be in sudden fear for her safety.

V. Premeditated Plan to Render Counter-Plaintiff Homeless and Destitute

32. On February 9, 2026, Counter-Defendant sent written communications to Counter-Plaintiff's federal appellate attorney that constitute direct admissions of a premeditated plan to render Counter-Plaintiff homeless and destitute upon his release from federal custody:
 - a. Counter-Defendant admitted that "the joint SoFi account designated for his VA benefits was extra judiciously closed on September 17, 2025, immediately following my Habeas filing."
 - b. Counter-Defendant stated that Counter-Plaintiff "will be released with \$0.00 accessible cash."
 - c. Counter-Defendant announced she was "immediately retaining family counsel to secure a Restraining Order" that would "formally bar Conrad from coming to my residence or accessing financial assets."
 - d. Counter-Defendant stated she had "formally revoked [her] residence as a release option," deliberately eliminating Counter-Plaintiff's only housing option and forcing the BOP to release him to a homeless shelter.
33. Counter-Defendant executed this plan. Counter-Plaintiff was released on March 2, 2026 to the Robert J. Delonis Center homeless shelter in Ann Arbor, Michigan with no money, no identification, no phone, no clothing, and no access to any bank account. Counter-Defendant had taken his property, filed a PPO to bar him from his own home, and retained all of his federal disability benefits. This was not a spontaneous reaction to fear, it was a calculated, premeditated campaign to financially and physically destroy a 100% disabled combat veteran.

VI. Retaliatory PPO and Abuse of Process

34. Counter-Plaintiff revoked his Power of Attorney on January 29, 2026, and served Counter-Defendant with a formal Certified Revocation of Funds on February 17, 2026. On February 18, 2026, Counter-Plaintiff filed a Motion to Sever Counter-Defendant from his federal Bivens action and notified the federal court in his Habeas proceeding that Counter-Defendant was no longer acting in his best interest. Precisely 48 hours later, on February 20, 2026, Counter-Defendant filed the PPO.
35. The PPO was filed despite Counter-Defendant having filed nine sworn declarations in federal court between September 15, 2025 and January 21, 2026 as Counter-Plaintiff's

"wife and next friend," advocating passionately for his medical care and release. Counter-Defendant filed a Notice of Appeal in the habeas case on January 21, 2026, 30 days before filing the PPO.

36. During the same period Counter-Defendant now claims she lived in fear of Counter-Plaintiff, she was sending TRULINCS emails stating "I love you," "Hey Baby," and "I miss you like crazy"; mailing Priority Mail Express Christmas packages marked "URGENT: OPEN IMMEDIATELY"; writing an 11-page love letter in November 2025 calling Counter-Plaintiff her "hero" and stating "We can't wait for the moment you get home. We're not mad at you at all"; posting Valentine's Day messages of affection on social media on February 14, 2026; and actively seeking visiting approval at FCI Milan. These contemporaneous communications, authenticated by the BOP's TRULINCS system and USPS tracking records, are irreconcilable with any genuine fear.
37. Throughout the same period, Counter-Defendant maintained a public advocacy website at rockenhaus.com, Counter-Plaintiff's premarital domain, publishing numerous blog posts advocating for Counter-Plaintiff's release from federal custody, documenting alleged government misconduct against him, publicly identifying herself as his devoted wife and advocate, and soliciting public support for his cause. Counter-Defendant further dedicated her own premarital domains, fitspo.net and lawflaws.com, to building up public advocacy on Counter-Plaintiff's behalf, and redirected adezero.com, her personal domain matching her public X (Twitter) username @adezero, to route directly to rockenhaus.com, funneling her entire online identity through Counter-Plaintiff's premarital property. These posts and websites, which remained publicly accessible through and after the filing of the PPO, are fundamentally irreconcilable with Counter-Defendant's claim that she lived in paralyzing fear of Counter-Plaintiff. Counter-Defendant cannot simultaneously operate a multi-platform public campaign to free her husband, using both his domains and her own, while claiming she is terrified he will harm her upon release. Counter-Defendant's continued use of Counter-Plaintiff's premarital domain rockenhaus.com as the central hub of her online presence further demonstrates her wrongful retention of his separate property.
38. There are zero police reports, zero 911 calls, zero medical examinations, and zero contemporaneous reports of any kind supporting the alleged abuse incidents spanning the entire marriage. The PPO was obtained ex parte, without notice, without a hearing, and without any opportunity for Counter-Plaintiff to present evidence, based solely on Counter-Defendant's unsworn allegations.
39. On February 12, 2026, Counter-Defendant sent an email to Counter-Plaintiff's federal appellate attorney titled "NOTICE OF EVIDENCE: Documented History of Sexual Assault and Facilitated Violence" in which she announced: "To be absolutely clear about the divorce and PPO I am filing at 8:00 AM tomorrow: do not mistake my intent for a bluff." This email demonstrates that the PPO was not a spontaneous response to fear, it was a premeditated legal weapon announced in advance to a federal attorney. Counter-Defendant further threatened the attorney directly, stating: "Any response from you that does not include a direct medical transfer to a VA Medical Center will be treated as an admission of Deliberate Indifference and criminal complicity." Counter-Defendant was using the threat of the PPO and public disclosure of Counter-Plaintiff's private medical information as leverage against federal counsel to control the terms of Counter-Plaintiff's release.
40. In November 2025, just three months before filing the PPO, Counter-Defendant sent Counter-Plaintiff an eleven-page handwritten love letter in which she called him her "Hero," described him as "the safest place on Earth," and signed it "Love, Adrienne." A woman who writes that her husband is "the safest place on Earth" does not file a PPO

three months later claiming "paralyzing terror" unless something other than fear motivated the filing.

41. The PPO was never properly served on Counter-Plaintiff. According to the Redford Township Police Department report (CR No. 260003379), on March 2, 2026, the responding officer read the conditions of the PPO to Counter-Plaintiff from Counter-Defendant's phone screen. Counter-Plaintiff was then given photographs of the PPO taken with a neighbor's phone so he could "appeal the PPO." No physical copy of the PPO was served on Counter-Plaintiff. The officer completed a proof of service at the station despite the fact that Counter-Plaintiff never received an actual copy of the order. Counter-Plaintiff did not obtain a full copy of the PPO until a family member, Rob Hein, later emailed it to him. Counter-Defendant is now pursuing contempt sanctions for alleged violations of an order that was never properly served as required by MCR 3.706.
42. On February 26, 2026, just six days after filing the PPO claiming "paralyzing fear", Counter-Defendant emailed the VA requesting Counter-Plaintiff's discharge address so she could pursue an "amicable divorce" and "legally settle our finances." In this email, Counter-Defendant described herself as a "judicially protected victim" while simultaneously seeking to coordinate financial settlement with the man she claimed to be terrified of. A person in genuine paralyzing fear does not email federal agencies six days later seeking to arrange amicable financial negotiations with her alleged abuser.
43. In support of her PPO response, Counter-Defendant's counsel submitted a letter from Counter-Defendant's psychiatrist, Dr. Robert Garcia, dated December 11, 2025, diagnosing Counter-Defendant with "PTSD-like symptoms." Counsel failed to disclose to this Court that this letter was originally written for the federal Bivens case (*Rockenhaus v. Agapiou*, Case No. 2:25-cv-12716, E.D. Mich.) to support Counter-Defendant's request for appointed counsel in a proceeding where she was acting as Counter-Plaintiff's ally and co-plaintiff. The letter does not attribute Counter-Defendant's symptoms to Counter-Plaintiff, it attributes them to "high-stakes or adversarial environments such as legal proceedings." Counter-Defendant's counsel recycled a document created to support Counter-Defendant's advocacy for Counter-Plaintiff and presented it as evidence that she is a victim of Counter-Plaintiff, without disclosing the original context.

VII. Invasion of Privacy and Weaponization of Privileged Information

44. Counter-Defendant, using access obtained through the Power of Attorney and her role as Counter-Plaintiff's approved employer, accessed and weaponized Counter-Plaintiff's most private information in judicial proceedings, including:
 - a. Counter-Plaintiff's complete VA psychiatric records, including his full psychiatric history, medication list, substance use history, suicide attempt history, and clinical diagnoses from the VA Emergency Department;
 - b. Counter-Plaintiff's private Viagra (Sildenafil) prescription records, obtained through the POA and used to construct a false allegation of sexual assault in the PPO petition;
 - c. Counter-Plaintiff's private email communications from conrad@rockenhaus.com and conrad@cannabytes.net, accessed through her role managing Counter-Plaintiff's digital infrastructure as his approved employer;
 - d. Selectively edited BOP TRULINCS prison emails, presented to the court to show conflict while deliberately omitting dozens of contemporaneous emails expressing love, devotion, and marital unity from the same time period;
 - e. Counter-Plaintiff's private email communication to a family member, Rob Hein, sent from Counter-Plaintiff's Gmail account (conradrockenhaus2@gmail.com), which was

forwarded to Counter-Defendant by the recipient and presented as evidence of a PPO violation despite its content showing Counter-Plaintiff offering Counter-Defendant \$2,000 per month in financial support, expressing concern for her well-being, and explicitly stating he had no desire to contact Counter-Defendant except through lawful channels.

45. These records were obtained under fiduciary and confidential relationships and are protected by the physician-patient privilege (MCL 600.2157), spousal communication privilege (MCL 600.2162), and HIPAA. Counter-Defendant's weaponization of these records constitutes invasion of privacy, breach of fiduciary duty, and tortious conduct.

VIII. False Statements to Law Enforcement

46. On March 2, 2026, the day of Counter-Plaintiff's release from federal custody, Counter-Defendant made false statements to the Redford Township Police Department (CR No. 260003379), claiming that Counter-Plaintiff had never resided at 26695 Ross Drive. Counter-Defendant solicited a mutual acquaintance to corroborate these false statements. As a result, Counter-Plaintiff was denied access to his own home and property on the day of his release.
47. Counter-Defendant also made false statements to the Redford Township Police claiming Counter-Plaintiff was suicidal, in an attempt to have him involuntarily committed. The responding officers independently assessed Counter-Plaintiff, determined he was not suicidal, and declined to transport him to any hospital. When the police refused to commit Counter-Plaintiff, Counter-Defendant escalated by instructing their mutual friend, Anne Helgren, via text message to tell the VA that Counter-Plaintiff was suicidal, which was false, and to leave him at the VA and abandon him there. When Ms. Helgren resisted, Counter-Defendant threatened to end their friendship if Ms. Helgren did not comply. Text messages documenting these instructions are in the possession of Ms. Helgren and are discoverable. Counter-Defendant's conduct on March 2, 2026 was not that of a frightened spouse, it was a coordinated campaign to have Counter-Plaintiff involuntarily committed so that Counter-Defendant could maintain control over his finances, his property, and the narrative.
48. Counter-Defendant's pattern of filing false reports with law enforcement continued after March 2, 2026. On or about March 30, 2026, Counter-Defendant filed PPO violation reports with both the Ann Arbor Police Department and the Redford Township Police Department, claiming Counter-Plaintiff had violated the PPO through anonymous text messages and online posts. Both departments independently investigated Counter-Defendant's reports, determined they were without merit, declined to arrest Counter-Plaintiff, and advised Counter-Plaintiff to report Counter-Defendant's conduct to this Court. The fact that two separate law enforcement agencies independently reached the same conclusion, that Counter-Defendant's allegations did not warrant arrest or prosecution, is powerful corroborating evidence that Counter-Defendant's claims are fabricated.

IX. Property and Personal Effects

49. Counter-Defendant continues to wrongfully retain Counter-Plaintiff's personal property, including but not limited to: his wallet and all contents (driver's license, VA ID, bank cards); Social Security card; birth certificate; DD Form 214 (military discharge); VA Award Letter; Apple iPhone 16e and charger; Apple iPad and charger; Apple Mac Mini; backpack with clothing; and all other personal effects present at 26695 Ross Drive. Counter-Defendant also retains possession of the parties' cat, Autumn, who was jointly adopted during the marriage and constitutes marital property.

50. Counter-Defendant continues to retain and control Counter-Plaintiff's premarital internet domains, including rockenhaus.com (owned since 1999), skyphusion.com, and greyponyit.com. These are premarital separate property of Counter-Plaintiff. Counter-Defendant has falsely claimed rockenhaus.com as her own business property in the PPO petition, despite having no ownership interest.

X. Cannabytes, LLC: Business Interest and Accounting

51. Counter-Plaintiff is a formally designated officer of Cannabytes, LLC, holding the title of Vice President of Systems Engineering. Counter-Plaintiff is listed in the LLC formation documents. Counter-Defendant's Verified Statement filed with this Court identifies her occupation as "Self Employed" with "Cannabytes, LLC" but materially omits that Counter-Plaintiff is a corporate officer of the same entity with a recognized ownership interest.
52. Counter-Plaintiff served as the systems engineer and technical infrastructure manager for Cannabytes, LLC throughout the marriage. Counter-Plaintiff built, maintained, and administered the company's technical systems, including the cannabytes.net domain and hosting infrastructure. Counter-Plaintiff also maintained client websites, including humboldtcsi.com, on behalf of Cannabytes, LLC. Counter-Defendant was approved by U.S. Probation as Counter-Plaintiff's employer through Cannabytes, LLC, further confirming Counter-Plaintiff's formal role in the business.
53. Since the filing of the PPO and the commencement of these proceedings, Counter-Defendant has unilaterally excluded Counter-Plaintiff from all Cannabytes, LLC operations, systems, and accounts despite his status as a corporate officer. Counter-Defendant has provided no accounting of business revenues, expenses, assets, or liabilities during or after the marriage. Counter-Plaintiff is entitled to a full accounting of Cannabytes, LLC's finances and to his share of the business as a formally designated officer listed in the formation documents.
54. Counter-Defendant's continued operation of Cannabytes, LLC while excluding Counter-Plaintiff, a corporate officer, from the business constitutes wrongful exclusion and potential dissipation of marital and business assets. Counter-Plaintiff requests that this Court order a complete accounting of all Cannabytes, LLC revenues, accounts, and assets from the date of marriage through the present, and award Counter-Plaintiff his equitable share of the business.

XI. Active Federal and State Investigations

55. The following federal and state investigations are currently active regarding Counter-Defendant's conduct:
- a. VA Office of Inspector General, Case No. 2026-18750 (misappropriation of veteran disability benefits);
 - b. SSA Office of Inspector General (representative payee fraud and unauthorized retention of SSDI benefits);
 - c. Ann Arbor Police Department, Case No. 26-11892 (criminal investigation of financial misconduct).
56. The combined total of VA and SSDI funds wrongfully diverted by Counter-Defendant is approximately \$39,326.87. This figure does not include the value of personal property wrongfully retained, the premarital domains withheld, Counter-Plaintiff's share of Cannabytes, LLC, or the consequential damages resulting from Counter-Plaintiff's homelessness, loss of identification documents, and inability to access medical care, housing, and basic necessities upon release from federal custody.

XII. Counter-Plaintiff Offered Resolution; Counter-Defendant Chose Escalation

57. Despite the extraordinary scope of Counter-Defendant's misconduct documented herein, Counter-Plaintiff's Complaint for Divorce filed in Washtenaw County (Case No. 26-737-DO) expressly requested that this Court order the parties to participate in mediation and counseling pursuant to MCR 3.216 and MCL 552.513 to facilitate an amicable resolution. Counter-Plaintiff's complaint was not filed out of hostility but out of a genuine desire for a peaceful and equitable resolution, notwithstanding the fact that Counter-Defendant had diverted his federal disability benefits, rendered him homeless, filed a retaliatory PPO against him, made false statements to law enforcement, and weaponized his most private medical information in court proceedings.
58. Counter-Defendant's response to this offer of mediation was to retain counsel and file an aggressive Verified Complaint for Divorce containing false statements, including the claim that Counter-Plaintiff's "whereabouts are unknown." Counter-Defendant's counsel then filed a Response to Counter-Plaintiff's Motion to Terminate the PPO that introduced Counter-Plaintiff's complete VA psychiatric history, his private prescription records, and selectively edited prison communications into the court record, all obtained through positions of trust that Counter-Defendant exploited. Counter-Defendant chose escalation over resolution, litigation over mediation, and retaliation over accountability.
59. Counter-Plaintiff enlisted in the United States Navy at the age of seventeen, immediately following his high school graduation. Before he was old enough to vote, he was activated with the 1st Air Naval Gunfire Liaison Company (ANGLICO) and deployed to Kosovo, where he provided naval gunfire and close air support coordination for NATO strikes against Serbian forces engaged in ethnic cleansing. At seventeen years old, he witnessed genocide. He went on to serve for over fifteen years across multiple combat deployments, including operations in support of the Global War on Terrorism. His career ended not by choice but by blast exposure from an improvised explosive device that caused a traumatic brain injury, leaving him with a seizure disorder he will carry for the rest of his life. He gave his adolescence, his health, his cognitive function, and pieces of himself that can never be recovered in service to this nation. The disability compensation he receives each month is not income, it is what his country pays for what it took from him.
30. Counter-Defendant married Counter-Plaintiff knowing his full history, his service, his injuries, his conviction, and his disabilities. She chose to become his wife, his power of attorney, his representative payee, his employer, and his advocate. She filed nine sworn federal court declarations calling herself his "next friend." She wrote him an eleven-page love letter calling him her "Hero" and "the safest place on Earth." She sent him Christmas packages. She built an entire public advocacy campaign across multiple websites fighting for his freedom. While he was incarcerated, he sent her a photograph of himself with a handwritten note reading: "Adrienne, Sending unlimited, unrestricted, unconditional love, always and forever in all timelines. Conrad." That is the man she filed a PPO against. That is the man she accused of being a sexual predator. That is the man whose Viagra prescription she published in a court filing. And when he revoked her access to his disability compensation, she filed a restraining order, took his money, stole his identification, lied to police, and left him standing outside a homeless shelter on March 2, 2026 with nothing, no wallet, no phone, no ID, no clothing, and no money. A seventeen-year-old boy went to war for his country. A forty-four-year-old man came home from prison to find his wife had taken everything his country gave him for his sacrifice.
51. In those first hours and days at the homeless shelter, Counter-Plaintiff was not angry. He was confused. He was alone. And above all, he was worried about Counter-Defendant. He could not believe that the woman he had invested all of his trust in was deliberately

targeting him. He wondered whether she was suffering a mental health crisis. He searched for any explanation other than the truth, because the truth was unbearable. But with each passing hour, as each new piece of the picture revealed itself, the diverted benefits, the PPO filed after he discovered what she had done, the false statements to police, the refusal to return his belongings, the scope of what had been done to him became undeniable. Counter-Plaintiff did not file his Motion to Sever or even realize his benefits had been diverted until Counter-Defendant communicated to his federal appellate attorney that she was refusing to pick him up and was deliberately making him homeless. Only then did the full picture begin to emerge. The woman who wrote him love letters had been planning his destruction. And still, his first instinct was not vengeance. It was concern for her.

32. And still, Counter-Plaintiff offered her mediation. His Washtenaw County complaint asked for counseling and an amicable resolution. He emailed her family offering her \$2,000 a month and expressing concern for her well-being. He did not want this fight. Counter-Defendant chose it. She responded to his offer of grace by hiring a lawyer, filing an aggressive complaint containing false statements, and introducing his complete psychiatric history, his private prescription records, and his most intimate medical details into the public court record. Counter-Plaintiff now seeks full accountability through the legal process that Counter-Defendant forced upon him. He has nothing left to forgive.

XIII. RELIEF REQUESTED

WHEREFORE, Defendant/Counter-Plaintiff **Conrad Alan Rockenhaus** respectfully requests that this Honorable Court:

- A. Enter a Judgment of Divorce dissolving the marriage;
- B. Order a full accounting of all VA Disability Compensation, SSDI benefits, and any other funds received by Counter-Defendant on behalf of Counter-Plaintiff from September 2025 through the present, including all bank statements, transaction records, and account documentation;
- C. Order Counter-Defendant to return all misappropriated federal benefits, including but not limited to the \$12,074.50 in SSDI overpayments demanded by the SSA and the \$26,837.87 in diverted VA compensation identified in the VA Payment History;
- D. Order Counter-Defendant to immediately return all personal property belonging to Counter-Plaintiff, including but not limited to his wallet, identification documents, Social Security card, birth certificate, DD Form 214, VA Award Letter, iPhone 16e, iPad, Mac Mini, and all clothing and personal effects;
- E. Order immediate transfer of all premarital internet domains, including rockenhaus.com, skyphusion.com, and greyponyit.com, and all associated registrar credentials, DNS settings, and hosting accounts to Counter-Plaintiff's sole control;
- F. Order a complete accounting of all Cannabytes, LLC revenues, accounts, assets, and liabilities from the date of marriage through the present, and award Counter-Plaintiff his equitable share of the business as a formally designated corporate officer;
- G. Award Counter-Plaintiff a disproportionate share of the marital estate in light of Counter-Defendant's financial misconduct, unauthorized access to federal accounts, breach of fiduciary duty, and deliberate infliction of homelessness, pursuant to MCL 552.401;
- H. Order sanctions pursuant to MCR 2.114 against Counter-Defendant and her counsel for filing a Verified Complaint containing the knowingly false statement that Counter-Plaintiff's "whereabouts are unknown" while listing his phone number and email address in the same

filing, and while Counter-Defendant's own actions caused Counter-Plaintiff's placement at a known homeless shelter;

I. Award Counter-Plaintiff costs incurred in this action, including filing fees, service fees, notary fees, and transportation expenses;

J. Terminate the Personal Protection Order (Case No. 26-102221-PP) as having been obtained through fraud and for retaliatory purposes;

K. Transfer this action to the Washtenaw County Circuit Court, 22nd Judicial Circuit, or consolidate with the pending Washtenaw County action, Case No. 26-737-DO; and

L. Grant such other and further relief as this Court deems just and equitable.

Respectfully submitted,

/s/ Conrad A. Rockenhaus
