

STATE OF MICHIGAN
IN THE THIRD JUDICIAL CIRCUIT FOR THE COUNTY OF WAYNE
FAMILY DIVISION, DOMESTIC RELATIONS

ADRIENNE MARJORIE ROCKENHAUS,
Plaintiff,

v.

CONRAD ALAN ROCKENHAUS,
Defendant.

Case No. **26-104594-DO**

Hon. **Nicole N. Goodson**

SUPPLEMENT TO MOTION FOR ISSUANCE OF SUBPOENAS
(Adding Michigan Department of State, Google LLC, and Meta Platforms, Inc. as the
Eleventh, Twelfth, and Thirteenth Subpoena Targets)

NOW COMES Defendant, **Conrad Alan Rockenhaus**, appearing pro se, and respectfully submits this Supplement to the Motion for Issuance of Subpoenas filed in this matter on April 24, 2026, which remains pending before this Court. In support thereof, Defendant states:

I. RELATIONSHIP TO ORIGINAL MOTION

1. On April 24, 2026, Defendant filed his Motion for Issuance of Subpoenas (the "Original Motion") seeking judicial issuance of ten subpoenas duces tecum directed at financial-records custodians, federal-defender custodians, and one institutional records custodian, for use in discovery of marital assets, traced benefit payments, and counterclaim-relevant communications. The Original Motion remains pending before this Court.
2. On April 30, 2026, this matter was reassigned to Hon. Nicole N. Goodson by Order of Disqualification entered under MCR 2.003. All subsequent filings and chambers correspondence in this case are accordingly directed to Judge Goodson.
3. This Supplement adds three additional subpoena targets to those identified in the Original Motion: **Michigan Department of State** (Eleventh Target), **Google LLC** (Twelfth Target), and **Meta Platforms, Inc.** (Thirteenth Target). The factual predicate for all three arose between May 4, 2026 and May 9, 2026, after the Original Motion was filed, and therefore could not have been included in the Original Motion at the time of filing.
4. Defendant requests that this Supplement be considered together with the Original Motion at such time as the Court takes up motion practice in this matter, and that any order granting the Original Motion incorporate the relief sought in this Supplement.

II. FACTUAL BASIS FOR THE SUPPLEMENTAL SUBPOENAS

A. The May 9, 2026 Vacation of the Marital-Property Residence

5. The evidentiary predicate for the Eleventh Target is set out in detail in the Second Supplement to Part One of the Omnibus Three-Layer Motion (Evidence Preservation), filed concurrently with this Supplement on May 11, 2026, and is incorporated herein by

reference.

6. In summary: on Saturday, May 9, 2026, at approximately 9:30 PM EDT, Plaintiff Adrienne Marjorie Rockenhaus vacated the marital-property residence of record at 26695 Ross Drive, Redford, Michigan, transporting personal property from the residence in a white four-door Ford F-250 Super Duty pickup truck bearing Michigan license plate **7RBK87**. The vehicle was operated by a single male individual whose identity is not known to Defendant.
7. The vacation of the residence and the involvement of the third-party operator are documented by contemporaneous photographs and video taken by witness Ann Helgren, preserved in the record as Exhibits 2 and 3 to the Second Supplement to Part One of the Omnibus Three-Layer Motion.
8. Plaintiff has not disclosed her current address, her forwarding address, the identity of the operator of plate 7RBK87, or the destination of the property removed from the residence. Plaintiff's counsel of record has made no such disclosure on her behalf.

B. The May 9, 2026 Email Harassment of Witness Ann Helgren

9. On the same day as Plaintiff's vacation of the marital-property residence, Saturday, May 9, 2026, witness Ann Helgren received two harassing emails directed at her relating to Defendant. The emails were sent from a Google-hosted Gmail account bearing the address **ecigaretteslut@gmail.com** with sender display name "Angeline M."
10. The first email arrived at approximately 5:31 AM EDT on May 9, 2026, with subject line "Conrad Rockenhaus is Dead." The body falsely states that Defendant "spent 12 days dying in slow, horrific agony from severe burns and sepsis," accuses witness Helgren of having stolen Defendant's debit card and used it to purchase lottery tickets, and accuses witness Helgren of being "complicit in hiding Conrad's rotting corpse so his mother can never bury him."
11. The second email arrived at approximately 6:06 AM EDT on May 9, 2026, with subject line "You left him to burn and rot." The body contains an extended graphic narrative accusing witness Helgren of leaving Defendant to die in a burning structure, dragging his body "to a trap house," and abandoning him as he died of sepsis. The email closes: *"I hope every single time you close your eyes, you see him screaming and burning."*
12. Witness Helgren forwarded both emails to Defendant at 12:54 PM EDT on May 9, 2026, where they have been preserved on Defendant's email server. The full text of each email and the forwarding metadata are available for in-camera production upon the Court's request.

C. The May 4-7, 2026 Facebook Activity by the "Demi-Jo Matthews" Sockpuppet Account

13. The Gmail-account harassment described above is part of a broader sockpuppet-network campaign that includes coordinated activity on the Facebook platform operated by Meta Platforms, Inc.
14. On May 4, 2026, a Facebook post originating from an account that had previously been operated by Defendant, but which was no longer under Defendant's control on that date, was published with subject styling "[SYSTEM ALERT] DEAD MAN'S SWITCH" and named five persons, including witness Ann Helgren, as purportedly "responsible for my death." Defendant did not author, transmit, or authorize that post.
15. On or about May 5, 2026, a Facebook account in the name **"Demi-Jo Matthews"** shared the May 4 post into the public Facebook group "Michigan Missing Persons Alerts," a group

with approximately 1,700 members, accompanying the share with framing language characterizing Defendant as "missing for at least a month, pinging in Ann Arbor." On or about the same period, the Demi-Jo Matthews account commented on a contemporaneous Facebook photograph posted by witness Helgren on April 24, 2026 with the comment "Is that right before you killed him?" The Demi-Jo Matthews account is configured to block witness Helgren from viewing the account itself, while the account's posts and comments remain visible to other Facebook users.

16. On or about May 7, 2026, the Demi-Jo Matthews account interacted with a Facebook user identifying as "Matthew Angel Young" who had constructed a Google Maps overlay titled "Dead Man's Switch Investigation," using fabricated GPS coordinates. The Demi-Jo Matthews account contributed to the overlay by linking a fabricated coordinate-derived address ("4288 Cloverlane Dr") to a real local-news fire story published by Mlive.com, with framing language asserting that a "fire there at the same time he pinged" supported the dead-man's-switch narrative. There is no factual basis for the GPS coordinate, the Cloverlane Drive linkage, or the fire-narrative connection. Defendant is not at, and has not been at, the Cloverlane Drive address. Defendant is alive.

D. Defendant's Status, Pattern Recognition, and Discovery Relevance

17. Defendant has not transmitted, authored, authorized, or in any way endorsed any of the communications described in paragraphs 9 through 16 above. Defendant is alive. Defendant resides at 1690 Brookfield Drive, Ann Arbor, Michigan 48103, and continues to appear in this matter and the related cases.
18. The May 4-9, 2026 sequence reflects coordinated false-narrative activity across at least three platforms (Facebook, Gmail, Google Maps) targeting Defendant and Defendant's witnesses, immediately preceding and contemporaneous with Plaintiff's vacation of the marital-property residence on May 9, 2026. Plaintiff's pattern of operating coordinated false-identity accounts to harass Defendant and Defendant's witnesses is established in prior filings in this matter and the related Personal Protection Order matter (Wayne County Case No. 26-102221-PP).
19. The identities of the operators of (a) the Gmail account ecigaretteslut@gmail.com and (b) the Facebook account "Demi-Jo Matthews" are reasonably calculated to lead to the discovery of admissible evidence on multiple matters at issue in this proceeding, including (i) the source and coordination of harassment of Defendant's witnesses; (ii) the identity of persons operating in concert with Plaintiff to interfere with this litigation and the related PPO matter; (iii) preservation predicates for additional third-party records; and (iv) credibility and impeachment matters bearing on Plaintiff's representations to the Court regarding her circumstances and conduct.

III. AUTHORITY FOR THE SUPPLEMENTAL SUBPOENAS

A. Authority for Disclosure by Michigan Department of State

20. Federal law expressly authorizes disclosure of motor-vehicle records by state departments of motor vehicles "for use in connection with any civil, criminal, administrative, or arbitral proceeding . . . , including the service of process, investigation in anticipation of litigation, and the execution or enforcement of judgments and orders, or pursuant to an order of a court." 18 U.S.C. § 2721(b)(4) (Driver's Privacy Protection Act, judicial-proceeding exception).
21. Michigan's parallel disclosure statute permits release of motor-vehicle records where authorized by federal law. MCL 257.208(2). A court-issued subpoena duces tecum in a

pending Michigan civil action satisfies the federal exception and consequently the Michigan parallel.

B. Authority for Disclosure by Electronic Communication Service Providers

22. Federal law authorizes disclosure of basic subscriber information by an electronic communication service provider in response to a subpoena duces tecum issued in a civil proceeding. 18 U.S.C. § 2703(c)(2) permits disclosure by subpoena of the following non-content records: name; address; local and long-distance telephone connection records, or records of session times and durations; length of service (including start date) and types of service utilized; telephone or instrument number or other subscriber number or identity, including any temporarily assigned network address; and means and source of payment for such service (including any credit card or bank account number).
23. Both Google LLC (operator of the Gmail electronic communication service) and Meta Platforms, Inc. (operator of the Facebook electronic communication service) are electronic communication service providers within the meaning of 18 U.S.C. § 2510(15) and are subject to the subpoena-disclosure provisions of § 2703(c)(2).
24. The supplemental subpoenas to Google LLC and Meta Platforms, Inc. seek only basic subscriber information of the type expressly authorized for subpoena disclosure under § 2703(c)(2). Neither subpoena seeks the content of any communication.

C. Procedural Authority

25. The procedural rule governing issuance and service of all three supplemental subpoenas is MCR 2.305, which authorizes issuance of subpoenas to non-parties for production of documents and tangible things and requires fourteen days' pre-service notice to opposing counsel. MCR 2.305(A)(2). Defendant will provide Plaintiff's counsel with the requisite fourteen days' notice before service of each supplemental subpoena upon issuance.

IV. SCOPE OF THE SUPPLEMENTAL SUBPOENAS

A. Scope of the Michigan Department of State Subpoena (Eleventh Target)

26. The supplemental subpoena to the Michigan Department of State seeks disclosure of records in the custody of the Department of State Record Lookup Unit pertaining to license plate 7RBK87, narrowly scoped to:
 - a. The current vehicle registration record, including registered owner, registered address of record, vehicle identification number, and registration effective and expiration dates;
 - b. The current title record, including titled owner, lien holder, and title-issuance date;
 - c. Ownership-transfer history for the period January 1, 2024 through the date of subpoena service;
 - d. Plate-issuance history, if the plate has been transferred between vehicles, for the period January 1, 2024 through the date of subpoena service;
 - e. Business or fleet registration designation, if applicable; and
 - f. Insurance certification of record filed with the Department, to the extent retained.
27. The scope is limited to what is reasonably necessary to identify the registered owner and ownership history of the vehicle whose involvement in the events of May 9, 2026 is at issue. No financial detail (no payment-card or bank-account information) is sought.

B. Scope of the Google LLC Subpoena (Twelfth Target)

28. The supplemental subpoena to Google LLC seeks disclosure of basic subscriber

information in the custody of Google LLC pertaining to the Gmail account **ecigaretteslut@gmail.com**, narrowly scoped to the categories expressly authorized by 18 U.S.C. § 2703(c)(2):

- a. Subscriber name(s) of record at account creation and as updated thereafter;
 - b. Subscriber address(es) of record at account creation and as updated thereafter;
 - c. Account creation date, length of service, and account-status history;
 - d. Recovery email address(es) and recovery telephone number(s) associated with the account;
 - e. IP-address logs reflecting account creation and account access for the period **April 1, 2026 through the date of subpoena service**, including timestamps and originating IP addresses for sign-in events and email-send events;
 - f. Means and source of payment for any paid Google service associated with the account, if applicable, limited to issuer name, last four digits of card number, and billing name and address; and
 - g. Identifiers of any other Google account associated with ecigaretteslut@gmail.com by recovery email, recovery telephone number, or shared device, to the extent such association is reflected in Google's records.
29. The scope expressly excludes the content of any communication. No email body content, no Google Drive file content, no Google Photos image content, and no other content data is requested.

C. Scope of the Meta Platforms, Inc. Subpoena (Thirteenth Target)

30. The supplemental subpoena to Meta Platforms, Inc. seeks disclosure of basic subscriber information in the custody of Meta Platforms, Inc. pertaining to the Facebook account identified by:
- **Display name:** "Demi-Jo Matthews";
 - **Profile URL:** <https://www.facebook.com/amanda.berman.376>; and
 - **Numeric Facebook user-ID (owning_profile_id):** 100003851214028.

The records sought are narrowly scoped to the categories expressly authorized by 18 U.S.C. § 2703(c)(2):

- a. Subscriber name(s) of record at account creation and as updated thereafter, including any prior account-name changes recorded by Meta Platforms;
- b. Subscriber address(es) of record at account creation and as updated thereafter;
- c. Account creation date, length of service, and account-status history;
- d. Email address(es) of record associated with the account at any point during account life;
- e. Telephone number(s) of record associated with the account at any point during account life;
- f. IP-address logs reflecting account creation and account access for the period **April 1, 2026 through the date of subpoena service**, including timestamps and originating IP addresses for login events, post-publication events, and comment-publication events;
- g. Means and source of payment for any paid Meta service associated with the account, if applicable, limited to issuer name, last four digits of card number, and billing name and address; and
- h. Identifiers of any other Meta-platform account (Facebook, Instagram, Threads, WhatsApp)

associated with the Demi-Jo Matthews account by shared email, shared telephone number, shared payment instrument, or shared device, to the extent such association is reflected in Meta's records.

31. The scope expressly excludes the content of any communication, post body, photograph, video, message, or other content data. No private-message content, no post-body content, no comment-body content, no photograph or video file content, and no other content data is requested.

V. RELIEF REQUESTED

WHEREFORE, Defendant **Conrad Alan Rockenhaus** respectfully requests that this Honorable Court enter an Order:

32. Granting the Original Motion as supplemented herein, and authorizing chambers issuance of three supplemental subpoenas duces tecum:
- a. A subpoena to the **Michigan Department of State Record Lookup Unit** at 7064 Crowner Drive, Lansing, Michigan 48918-1540, in the form of MC 11 with Attachment A scoped as set out in Section IV.A above;
 - b. A subpoena to **Google LLC**, c/o Custodian of Records, Legal Investigations Support, 1600 Amphitheatre Parkway, Mountain View, California 94043, in the form of MC 11 with Attachment A scoped as set out in Section IV.B above; and
 - c. A subpoena to **Meta Platforms, Inc.**, c/o Custodian of Records, Law Enforcement Response Team, 1601 Willow Road, Menlo Park, California 94025, in the form of MC 11 with Attachment A scoped as set out in Section IV.C above;
33. Directing that all three supplemental subpoenas bear judicial signature or clerk-stamp issuance pursuant to MCR 2.506(F) and chambers procedure;
34. Confirming that the fourteen-day notice requirement of MCR 2.305(A)(2) shall be satisfied by Defendant's transmission of each issued subpoena to Plaintiff's counsel of record by electronic mail upon receipt from chambers, with service upon the recipient to follow on or after the fifteenth day; and
35. Granting such other and further relief as this Court deems just and equitable.

Respectfully submitted,

/s/ Conrad A. Rockenhaus
