

STATE OF MICHIGAN
IN THE THIRD JUDICIAL CIRCUIT FOR THE COUNTY OF WAYNE
FAMILY DIVISION, PERSONAL PROTECTION ORDER DOCKET

ADRIENNE MARJORIE ROCKENHAUS,
Petitioner,

v.

CONRAD ALAN ROCKENHAUS,
Respondent.

Case No. **26-102221-PP**

Hon. **PPO Docket**
(Assignment Pending)

**RESPONDENT'S SECOND SUPPLEMENTAL MOTION IN SUPPORT OF
TERMINATION OF PERSONAL PROTECTION ORDER (FACEBOOK ACCOUNT
COMPROMISE; PROPAGATION TO 1,700-MEMBER PUBLIC GROUP; DIRECT
WITNESS HARASSMENT; REDFORD POLICE REPORT 26-7649)**

NOW COMES Respondent, **Conrad Alan Rockenhaus**, appearing pro se, and respectfully submits this Second Supplemental Motion in support of his pending Motion to Modify, Extend, or Terminate Personal Protection Order, addressing newly arising events from May 4 through May 6, 2026, and in support thereof states:

I. INTRODUCTION

1. This Supplemental Motion is filed contemporaneously with Respondent's Motion to Compel Compliance with MCR 3.707(A)(2) and is incorporated into the evidentiary record of the pending Motion to Modify, Extend, or Terminate Personal Protection Order.
2. The events described in this Supplemental Motion further establish, and on independent grounds, that the Personal Protection Order entered February 20, 2026 is not serving its protective purpose, that Petitioner does not act consistent with a person in fear of Respondent, and that continued operation of the PPO is in fact being used as cover for conduct directed at third parties.
3. Specifically, on or about May 4, 2026, an unauthorized post was published to Respondent's Facebook account ("the Post") falsely declaring Respondent deceased and naming multiple identifiable third persons, including, without limitation, Ann Helgren and Pamela Jordan, both of Redford Township, as persons "responsible for my death." The Post included physical addresses and geolocation data for the named persons. Upon information and belief and the totality of the circumstances set forth below, the Post was authored and published by Petitioner using credentials and devices to which she retained access.
4. Within forty-eight hours after the Post, an additional Facebook account, displayed under the name "Demi-Jo Matthews" (the "Demi-Jo Matthews Account"), took two distinct actions: (i) it shared the Post into a 1,700-member public Facebook group titled "Michigan Missing Persons Alerts," repackaging the Post as a missing-person concern; and (ii) it posted a comment on Ms. Helgren's personal Facebook wall, on a photograph of Respondent and Ms. Helgren together, directly accusing Ms. Helgren of having killed Respondent. Both actions adopt and amplify the false predicate of the Post.
5. On May 5, 2026, in response to the Post and to additional concerning conduct at Petitioner's residence,

Ms. Helgren and Ms. Jordan reported the matter to the Redford Police Department. Respondent provided a separate statement to Redford PD that same day. Redford PD opened the matter as **Case Number 26-7649** and, at the request of Ms. Helgren, Ms. Jordan, and Respondent, conducted a welfare check at Petitioner's residence on Ross Drive.

II. THE MAY 4, 2026 FACEBOOK POST

A. Content of the Post

6. On or about May 4, 2026, a post was published to Respondent's Facebook account that:
 - a. Falsely declared Respondent deceased;
 - b. Was structured to appear as an automated or pre-scheduled "post-mortem" release, sometimes colloquially referred to as a "dead-man's-switch" post;
 - c. Named multiple identifiable third persons as "responsible" for Respondent's purported death, including, without limitation, Ann Helgren and Pamela Jordan, both of Redford Township; and
 - d. Included physical addresses and apparent geolocation coordinates associated with the named persons.
7. The Post is materially false. Respondent is alive. Respondent did not author the Post and did not authorize its publication. Respondent first became aware of the Post on May 4, 2026 when Ms. Helgren contacted Respondent by telephone after seeing it on her Facebook feed.
8. The address attributed to Respondent in the geolocation portion of the Post is **not** the address of Respondent's residence at 1690 Brookfield Drive, Ann Arbor, Michigan 48103. It is the residence of a third person to whom Respondent had previously transferred custody of a wallet that contained an Apple AirTag tracking device. The geolocation thus reflects the location of the AirTag, not the location of Respondent. This evidentiary detail establishes the source of the geolocation data attributed in the Post, and is consistent with the Post having been generated by a person with access to the AirTag tracking output rather than by Respondent.

B. Indicia of Authorship

9. The combined indicia of authorship are: (i) the Post being published from Respondent's Facebook account without his authorization or knowledge; (ii) the address-and-geolocation data being keyed to an AirTag wallet rather than to Respondent's actual location; (iii) the named third persons comprising three distinct categories of individuals, each uniquely connected to Petitioner rather than to Respondent, specifically: (a) the persons who provided documentary evidence supporting Respondent's pending Motion to Terminate, namely Ann Helgren and Pamela Jordan; (b) persons against whom Petitioner has previously filed formal accusations, namely William Keene, who was Petitioner's and Respondent's former landlord at 2468 Fernwood Avenue and against whom Petitioner separately filed an assault complaint, and Jason Zielinski, a corrections officer at the Federal Correctional Institution at Milan, Michigan, against whom Petitioner filed a complaint with the Federal Bureau of Prisons concerning alleged Facebook trolling; and (c) Michael Kamke, Respondent's residential neighbor on Brookfield Drive in Ann Arbor, whom Respondent has never met and whose identity as Respondent's neighbor is not part of any public record connecting him to Respondent or to this litigation; and (iv) the Post's structural framing as a "post-mortem" release immediately preceding a scheduled court proceeding. Each sub-category in (iii) above reflects information uniquely available to Petitioner: the witnesses to the Motion to Terminate are known to Petitioner as the named Petitioner in this case; the prior accusations against Mr. Keene and Mr. Zielinski are matters within Petitioner's own knowledge and grievance inventory; and Mr. Kamke's identity as Respondent's neighbor reflects contemporaneous knowledge of Respondent's residential location available only to a person actively investigating that location. The cumulative pattern, in which a single Post combines three distinct categories of information uniquely pointing to Petitioner within a single publication under Respondent's impersonated account, is not consistent with any

plausible alternative explanation. These indicia, taken together, support a finding by a preponderance of the evidence that Petitioner is the author and publisher of the Post.

10. Respondent has not made admissions in this filing as to specific account-credential pathways or device-level forensic theories beyond what is set forth above. Those matters are properly developed through the active investigation by Redford Police Department under Case 26-7649 and through any subpoena or discovery process the Court directs.

C. Legal Significance Under PPO Framework

11. The Post is significant to the PPO posture in three independent respects:
 - a. **Inconsistency with genuine fear.** A person who claims to be in genuine fear of a respondent does not impersonate that respondent online, publish content under his name, and use his social network as a platform for content addressed to her own grievances. The Post is incompatible with the affidavit basis on which the ex parte PPO was entered.
 - b. **Use of the PPO as a shield rather than a protection.** The PPO no-contact framework barring Respondent's access to the marital residence has the operational effect of barring him from documents, devices, and credentials that would, if accessible, allow him to verify and remediate exactly the type of account compromise alleged here. Petitioner's continued possession of those resources, combined with the Post, demonstrates that the PPO is functioning as cover for conduct rather than as protection from it.
 - c. **Targeting of witnesses to the pending Motion to Terminate.** The named persons in the Post, Ann Helgren and Pamela Jordan in particular, are the same persons whose observations support Respondent's Motion to Terminate. Naming them publicly as persons "responsible" for a fictitious death of Respondent is, on its face, a preemptive strike at witnesses, conducted in the days before the merits hearing on Respondent's Motion to Terminate is scheduled for hearing.
12. The Post also creates a non-trivial real-world safety risk for the named persons. A reader of the Post who believes its contents and who is so inclined could direct conduct at named persons at the addresses provided in the Post. That risk is borne not by Respondent and not by Petitioner; it is borne by the named third persons whose addresses the Post discloses.

III. PROPAGATION AND DIRECT WITNESS HARASSMENT VIA THE "DEMI-JO MATTHEWS" FACEBOOK ACCOUNT

A. The Demi-Jo Matthews Account

13. On or about May 5, 2026, Respondent learned that an additional Facebook account, displayed under the name "Demi-Jo Matthews" (the "Demi-Jo Matthews Account"), had taken two distinct actions on the Facebook platform that propagate the May 4, 2026 Post and direct further harassment at Ms. Helgren, one of the persons named in the Post.
14. Respondent does not personally know any person by the name "Demi-Jo Matthews." Respondent did not authorize any third party to publish, share, or comment on Facebook content concerning him or his witnesses. Respondent has no relationship of any kind with the holder of the Demi-Jo Matthews Account.
15. The Demi-Jo Matthews Account is, on information and belief, an account operated by or at the direction of Petitioner, or by a person acting in coordination with Petitioner. The indicia supporting that inference are set forth in subsection D below.

B. Propagation Into "Michigan Missing Persons Alerts" (1,700 Members)

16. On or about May 5, 2026, the Demi-Jo Matthews Account shared the May 4, 2026 Post into a Facebook group titled "Michigan Missing Persons Alerts," a public Facebook group that, at the time of the share, had approximately 1,700 members. The group's stated purpose is to publish missing-person alerts for the State of Michigan.

17. The Demi-Jo Matthews Account's share of the Post into that group was framed as a missing-person concern. The shared content, displayed alongside an embedded preview of the Post, stated, in pertinent part: *"please look into this. He is my friend and I am extremely concerned. He's been missing for at least a month. His location is pinging in Ann Arbor."*
18. The representations within the share are materially false. Respondent has not been "missing." Respondent's location during the period referenced is well-documented and known to multiple witnesses, including, without limitation, his roommate Brian Howell, family, and friends such as Ms. Helgren. The "pinging" reference is consistent with the AirTag-derived geolocation set forth in Paragraph 8 of this Motion: the AirTag, in the wallet held by the third person to whom Respondent had previously transferred custody, is the source of the "pinging in Ann Arbor" claim, and is not Respondent's actual location.
19. The propagation of the Post into a 1,700-member public missing-persons group materially expanded the audience of the Post beyond Respondent's personal Facebook network, by at least one order of magnitude. The expanded audience includes persons who do not know Respondent personally, who would have no basis to evaluate the truth of the missing-person claim from outside the post itself, and who could be moved to take action, including direct contact at the addresses of the named persons, based on the false missing-person framing.

C. The May 6, 2026 Comment Accusing Ms. Helgren of Homicide

20. On or about May 6, 2026, the Demi-Jo Matthews Account posted a comment on Ms. Helgren's personal Facebook account, on a photograph posted by Ms. Helgren on April 24, 2026, more than ten days before the May 4, 2026 Post, showing Respondent and Ms. Helgren together at Ms. Helgren's residence, both alive, both in good spirits.
21. The text of the comment reads, in pertinent part: *"Is that right before you killed him?"* followed by a Facebook share URL.
22. The comment is materially false. Respondent is alive. Ms. Helgren did not kill Respondent. The comment is an accusation of homicide directed at a specific named person, Ms. Helgren, on Ms. Helgren's own publicly-visible Facebook wall, where it is visible to Ms. Helgren's friends, family, and any other Facebook user who views the photograph.
23. On information and belief, the Demi-Jo Matthews Account has Ms. Helgren blocked, with the result that Ms. Helgren herself is unable to view the Demi-Jo Matthews Account, view its activity, or respond to the comment in real time. The comment is therefore visible to Ms. Helgren's social network (whose members can see what is posted to her wall) but not to Ms. Helgren herself. This configuration is consistent with an intent to damage Ms. Helgren's reputation among persons in her social network while preventing Ms. Helgren from seeing or addressing the accusation directly.

D. Indicia Linking the Demi-Jo Matthews Account to the May 4 Post and to Petitioner

24. The indicia supporting the inference that the Demi-Jo Matthews Account is operated by or at the direction of Petitioner are:
 - a. **Identity of subject matter.** The Demi-Jo Matthews Account's two known actions both concern the May 4, 2026 Post and a person named in it. The Account has no apparent independent connection to Respondent, to Ms. Helgren, or to this litigation that would explain its specific focus on Respondent's Facebook activity and on a witness named in the May 4 Post.
 - b. **Coordinated narrative framing.** The Demi-Jo Matthews Account's share into the missing-persons group adopts and amplifies the false "deceased Respondent" framing of the original Post, repackaging it as a missing-person alert. The Account's comment on Ms. Helgren's wall adopts and amplifies the false "person responsible for Respondent's death" framing of the original Post, repackaging it as a direct accusation of homicide. The same false predicate runs through the original Post and both Demi-Jo Matthews actions.
 - c. **Shared geolocation source.** The "His location is pinging in Ann Arbor" representation in the Demi-Jo

Matthews Account's missing-persons-group share is keyed to the same AirTag-derived geolocation as the GPS telemetry block in the original May 4 Post. The two publications draw from a common, non-public data source, namely the location of the AirTag wallet held by a third person, that would not be available to an unaffiliated Facebook user. The shared data source is itself a strong indicium of common authorship or coordinated direction.

d. **Target selection.** The persons named in the May 4 Post (including Ms. Helgren) and the person directly targeted by the May 6 comment (Ms. Helgren) are the same. The Demi-Jo Matthews Account's selection of Ms. Helgren as a target tracks the witness-targeting pattern set forth in Section IV of this Motion, rather than reflecting any independent grievance the Account would plausibly have against Ms. Helgren.

e. **Temporal clustering.** The Demi-Jo Matthews Account's actions occurred within a 24-to-48-hour window of the May 4, 2026 Post and contemporaneously with Petitioner's other documented conduct in the case (including the May 5, 2026 printed sign at her residence described in Section IV below). The temporal clustering across the Post, the missing-persons-group share, the comment on Ms. Helgren's wall, and Petitioner's printed sign is consistent with coordinated activity rather than independent action by an unrelated third party.

f. **Configuration with respect to Ms. Helgren.** The Demi-Jo Matthews Account is configured to be invisible to Ms. Helgren while remaining visible to Ms. Helgren's broader social network. That configuration requires deliberate setup. It reflects an intent to damage Ms. Helgren's reputation among persons who know her without permitting Ms. Helgren to see, defend against, or report the conduct directly. This configuration is consistent with conduct directed at a witness rather than ordinary social media activity by an unaffiliated user.

25. The actual identity of the holder of the Demi-Jo Matthews Account is properly determined through subpoena to Meta Platforms, Inc., which can produce account-creation records, IP logs, and registration information sufficient to identify the underlying user. Respondent does not, in this Motion, ask the Court to make a definitive finding as to the identity of the Account holder. Respondent asks the Court to consider the indicia above as part of the totality of the circumstances bearing on the appropriateness of continued operation of the PPO.

E. Legal Significance Under PPO Framework

26. The Demi-Jo Matthews Account's activity has independent significance to the PPO posture in the following respects:

a. **Materially expanded harm.** The propagation of the May 4 Post into a 1,700-member public missing-persons group expands the audience of the Post by at least one order of magnitude beyond Respondent's personal Facebook network. The expanded audience increases proportionally the risk to the named persons, Ms. Helgren and Ms. Jordan, of inbound contact, harassment, or other conduct from third parties who act on the false predicate of the Post.

b. **Direct accusation of homicide against a witness.** A public accusation that a named person committed homicide against Respondent in this PPO matter, posted on the named person's own publicly-visible Facebook wall, on the eve of a merits hearing in which the named person is a witness, is on its face conduct calculated to discourage that witness's continued involvement in the proceeding.

c. **Deliberate concealment from the witness.** The Demi-Jo Matthews Account's configuration as invisible to Ms. Helgren reflects an intent to publish content damaging to Ms. Helgren's reputation while preventing her from observing or responding. This configuration removes any plausible characterization of the Account's activity as ordinary social-media expression and supports the inference that the Account is part of a coordinated effort directed at the witness.

27. The conduct described in this Section also corroborates the inference that the conduct described in Section II, the May 4, 2026 Post itself, was authored or directed by Petitioner. The Demi-Jo Matthews Account's actions are tightly synchronized with the May 4 Post in subject matter, narrative framing,

geolocation data source, target selection, and timing. The most parsimonious explanation for this synchronization is common authorship or coordinated direction. A non-coordinated explanation, that an unaffiliated Facebook account independently came to share the same false predicate, draw on the same non-public AirTag-derived geolocation, target the same witness, and operate within the same 48-hour window, is implausible on the totality of the circumstances.

IV. PATTERN OF CONDUCT TARGETING MS. HELGREN

A. March 29, 2026 Handwritten Sign at Petitioner's Residence

28. On or about March 29, 2026, Petitioner posted a handwritten sign at her residence at 26695 Ross Drive, Redford, Michigan 48239, addressed by name to a misspelled variant of Ms. Helgren's name (the handwritten salutation appearing to read "Anne Helgen"), purporting to direct Ms. Helgren to cease unspecified "legal abuse" and to stay away from Petitioner's residence.

B. May 5, 2026 Printed Sign at Petitioner's Residence

29. On or about May 5, 2026, Petitioner posted a second sign at the same residence. The May 5 sign is materially distinct from the March 29 sign in form and content. It is typewritten and printed, not handwritten. The text of the May 5 sign reads, in pertinent part:

"Annie Helgren has a no-contact directive and is not allowed on my property. If Anne Helgren steps on my property she will be reported for trespassing."

30. The May 5 sign is significant for three independent reasons:

- a. **It misrepresents Ms. Helgren's legal status.** No "no-contact directive," restraining order, or other order requiring Ms. Helgren to maintain any distance from Petitioner has been entered by this Court or by any other court of competent jurisdiction. The May 5 sign affirmatively asserts the existence of a court order that does not exist.
- b. **It threatens criminal complaint against Ms. Helgren.** The publicly-posted text "she will be reported for trespassing" is a stated intention to invoke law-enforcement process against Ms. Helgren if Ms. Helgren is observed on Petitioner's property. Coupled with the fabricated "no-contact directive" assertion, the threat positions Petitioner to make a police report misrepresenting Ms. Helgren as the subject of a court order, a misrepresentation that, if relied upon by responding officers, could expose Ms. Helgren to wrongful detention or arrest.
- c. **It was posted on or about the same day as the Redford Police Department walk-in.** May 5, 2026 is the same day Ms. Helgren and Ms. Jordan reported the May 4 Facebook Post to Redford Police Department, and the same day on which Redford Police Department conducted a welfare check at Petitioner's residence. The temporal proximity is on the face of the record.

C. The May 6, 2026 Demi-Jo Matthews Comment Accusing Ms. Helgren of Homicide

31. On or about May 6, 2026, and within hours of the May 5 events described above, the Demi-Jo Matthews Account (described in detail in Section III) posted the comment described at Paragraphs 20-23 above on Ms. Helgren's own Facebook wall, accusing Ms. Helgren of having killed Respondent. That subsection is incorporated here by reference.

D. Status of Ms. Helgren and Lack of Legal Force

32. Ms. Helgren is not a party to this Personal Protection Order matter. There is no court order, issued by this Court or by any other court, that requires Ms. Helgren to keep any particular distance from Petitioner. The handwritten sign of March 29 has no legal force. The printed sign of May 5 has no legal force, and additionally contains an affirmative misrepresentation of legal status. The May 6 Demi-Jo Matthews comment has no factual basis. Each of these acts is evidence of a sustained pattern of attempting to

discourage Ms. Helgren from continued involvement in this matter as a witness.

E. Sequence and Inference

33. Considered together, (i) the handwritten kitchen-window sign of March 29, 2026 directed at Ms. Helgren; (ii) the May 4, 2026 Facebook Post naming Ms. Helgren as "responsible" for Respondent's purported death; (iii) the May 5, 2026 propagation of that Post into the 1,700-member "Michigan Missing Persons Alerts" group via the Demi-Jo Matthews Account; (iv) the printed kitchen-window sign of May 5, 2026 falsely asserting a "no-contact directive" against Ms. Helgren and threatening criminal complaint; and (v) the May 6, 2026 Demi-Jo Matthews comment on Ms. Helgren's own Facebook wall accusing Ms. Helgren of homicide, constitute a pattern of escalating conduct directed at a person whose only role in this matter is as a credible factual witness. The sequence reflects deliberate intensification across a six-week window, with four discrete escalations occurring across forty-eight hours. The Court should consider the pattern in evaluating whether the PPO is serving its stated protective purpose or is instead being used as a vehicle for conduct of a different character.

V. REDFORD POLICE DEPARTMENT CASE 26-7649 (MAY 5, 2026)

34. On May 5, 2026, Ms. Helgren and Ms. Jordan reported the matter to Redford Police Department in person, addressing (i) the May 4, 2026 Facebook Post; and (ii) additional contemporaneous concerns regarding Petitioner's apparent isolation at her residence (including, without limitation, observed conditions at the residence and the absence of expected routine activity).
35. Respondent accompanied Ms. Helgren and Ms. Jordan to Redford Police Department headquarters on the same date and provided a separate statement to a Redford Police Department officer. The Personal Protection Order bars Respondent's access to Petitioner's residence at 26695 Ross Drive, Redford, Michigan 48239. It does not bar Respondent from the Township of Redford generally. Respondent did not travel to or near Petitioner's residence on Ross Drive at any point on May 5, 2026, and remained in compliance with the Personal Protection Order.
36. Redford Police Department opened the matter as **Case Number 26-7649**, with Respondent as a documented victim of the impersonation and false death-publication conduct. Investigation by Redford PD remains active as of the filing of this Motion. Respondent received from the responding officer a Redford Police Department contact card bearing the officer's identification and the assigned case number, attached hereto as Exhibit D.
37. At the request of Ms. Helgren, Ms. Jordan, and Respondent, Redford Police Department conducted a welfare check at Petitioner's residence on Ross Drive. As reported to Respondent by Redford Police Department, the welfare check disclosed that the residence appeared to have been unoccupied for some time, and that a load of laundry remaining in the washing machine carried an odor consistent with having been left abandoned for an extended period. Further findings of the welfare check will accompany the underlying Redford Police Department report when issued. Respondent will supplement this Motion with the report through ordinary FOIA channels, or by subpoena if the Court so directs.
38. The fact that the persons named in the May 4 Post as "responsible" for Respondent's purported death are the same persons who, on the day after the Post, requested Redford PD to make sure Petitioner was physically safe is itself evidence of the actual character of those persons and of the inversion of the narrative the Post sought to advance.

VI. RELATIONSHIP TO PENDING MOTIONS

39. This Supplemental Motion supplements, and does not displace:
- a. Respondent's Motion to Modify, Extend, or Terminate Personal Protection Order (filed March 12, 2026; pending);

- b. Respondent's Omnibus Motion in Limine, filed contemporaneously with the Motion to Terminate on March 12, 2026, and pending;
 - c. Respondent's Supplemental Motion in Support of Termination of PPO and Notice of Related Case (filed April 6, 2026; in record); and
 - d. Respondent's Motion to Compel Compliance with MCR 3.707(A)(2) and to Schedule Hearing on Pending Motion (filed contemporaneously with this Motion).
40. The factual record supplemented herein is offered for the merits hearing on the Motion to Terminate. To the extent the Court finds it appropriate, the matters set forth herein may also be considered at any preliminary or status conference scheduled in this matter.

VII. RELIEF REQUESTED

WHEREFORE, Respondent respectfully requests that this Honorable Court:

- A. Accept this Second Supplemental Motion and the attached exhibits into the evidentiary record of the pending Motion to Modify, Extend, or Terminate Personal Protection Order;
- B. Find that the matters set forth herein, together with the matters previously of record, constitute a pattern of conduct by Petitioner that is incompatible with continued operation of the Personal Protection Order under its stated protective purpose;
- C. Set the merits hearing on the Motion to Terminate consistent with the relief requested in the contemporaneously filed Motion to Compel Compliance with MCR 3.707(A)(2);
- D. Permit Respondent to supplement the record further upon receipt of (i) the Redford Police Department report under Case 26-7649, and (ii) any subpoena returns from Meta Platforms, Inc. concerning the Demi-Jo Matthews Account or the unauthorized publication of the May 4, 2026 Post; and
- E. Grant such other and further relief as the Court deems just and equitable.

Respectfully submitted,

/s/ Conrad A. Rockenhaus

AFFIDAVIT IN SUPPORT OF SECOND SUPPLEMENTAL MOTION

STATE OF MICHIGAN)

) ss.

COUNTY OF WASHTENAW)

I, Conrad Alan Rockenhaus, being duly sworn, depose and state as follows:

1. I am the Respondent in the above-captioned matter. I am over the age of eighteen and competent to testify to the matters set forth herein. The facts stated in this Affidavit are based on my personal knowledge.
2. I am a one hundred percent (100%) service-connected disabled combat veteran, and I am alive and in good standing as of the date of this Affidavit.
3. On or about May 4, 2026, I was contacted by telephone by my friend Ann Helgren, who informed me that a post had appeared on her Facebook feed, published from my Facebook account, falsely declaring me deceased and naming her and others as persons "responsible" for my purported death.
4. I did not author the post. I did not authorize the publication of the post. I did not have access to my Facebook account at the time the post was published. I have not posted to my Facebook account in the manner reflected in the post.
5. The address attributed to me in the post is not the address of my residence. It is the address of a third person to whom I had previously transferred custody of a wallet that contains an Apple AirTag tracking device. The geolocation in the post reflects the position of that AirTag, not my position.
6. On May 5, 2026, I traveled in person to the Redford Police Department headquarters with Ms. Helgren and Ms. Jordan and provided a statement to a Redford Police Department officer. The Personal Protection Order entered in this matter bars my access to Petitioner's residence at 26695 Ross Drive, Redford, Michigan 48239. It does not bar me from the Township of Redford generally, and I am in Redford from time to time, including for the purpose of visiting Ms. Helgren. On May 5, 2026, I did not travel to or near 26695 Ross Drive at any point. I remained in compliance with the Personal Protection Order.
7. Redford Police Department opened the matter as Case Number 26-7649 and is actively investigating.
8. On May 5, 2026, at the request of Ann Helgren, Pamela Jordan, and me, Redford Police Department conducted a welfare check at Petitioner's residence at 26695 Ross Drive, Redford, Michigan 48239.
9. On or about March 29, 2026, prior to the events of May 4-6 set forth above, Petitioner posted a handwritten sign at her residence directed by name to a misspelled variant of Ms. Helgren's name. On or about May 5, 2026, Petitioner posted a second sign at her residence, this one printed (not handwritten), which falsely asserts that Ms. Helgren is the subject of a "no-contact directive" and threatens to report Ms. Helgren for trespassing if she steps onto Petitioner's property. Ms. Helgren is not a party to this PPO matter and is under no court order requiring her to maintain any distance from Petitioner. No "no-contact directive" against Ms. Helgren has been entered by this Court or any other court of which I am aware.
10. On or about May 5, 2026, I learned that a Facebook account displayed under the name "Demi-Jo Matthews" had shared the May 4, 2026 Post into a public Facebook group titled "Michigan Missing Persons Alerts," which had approximately 1,700 members at the time of the share. The shared content was framed as a missing-person concern and stated, in pertinent part: *"please look into this. He is my friend and I am extremely concerned. He's been missing for at least a month. His location is pinging in Ann Arbor."*
11. The representations within the share are materially false. I have not been "missing." My location during the period referenced is well-documented and known to multiple persons, including without limitation my roommate Brian Howell, family, and friends such as Ms. Helgren. The "pinging in Ann Arbor" reference is

consistent with the AirTag-derived geolocation I describe in Paragraph 5 of this Affidavit.

12. On or about May 6, 2026, I learned that the Demi-Jo Matthews Account had also posted a comment on Ms. Helgren's personal Facebook account, on a photograph posted by Ms. Helgren on April 24, 2026 showing Ms. Helgren and me together at her residence. The text of the comment reads, in pertinent part: *"Is that right before you killed him?"* followed by a Facebook share URL.
13. The accusation in the comment is materially false. I am alive. Ms. Helgren did not kill me. I am personally familiar with Ms. Helgren and the photograph in question. The photograph was taken on April 24, 2026 at Ms. Helgren's residence, on a visit during which Ms. Helgren and I were both alive, both in good spirits, and both without harm to one another.
14. I do not personally know any person by the name "Demi-Jo Matthews." I did not authorize the Demi-Jo Matthews Account or any other third party to share, comment on, or publish Facebook content concerning me or my witnesses. I have no relationship of any kind with the holder of the Demi-Jo Matthews Account.
15. On information and belief, the Demi-Jo Matthews Account has Ms. Helgren blocked, with the result that Ms. Helgren is unable to view the Account, view its activity, or respond to the comment described in Paragraph 12 in real time. This information was provided to me by Ms. Helgren during conversation regarding the comment.
16. Ann Helgren and Pamela Jordan, both named in the May 4, 2026 Facebook Post, are persons whose observations and statements have supported, or are expected to support, my pending Motion to Modify, Extend, or Terminate Personal Protection Order.
17. The May 4, 2026 Facebook Post also names three additional persons besides Ms. Helgren and Ms. Jordan: William Keene (identified in the Post as "Ann Arbor"), Jason Zielinski (identified in the Post as "Milan"), and Michael Kamke (identified in the Post as "Ann Arbor"). I state the following as to each of those three persons:
 - a. Mr. Keene was the landlord of a residence at 2468 Fernwood Avenue at which Petitioner and I formerly resided. Petitioner and I had a legal dispute with Mr. Keene regarding our tenancy at that property. Petitioner separately filed an assault complaint against Mr. Keene during that dispute. I have no independent grievance against Mr. Keene relating to my own person or property that would explain his inclusion on a list of persons "responsible" for my death.
 - b. Mr. Zielinski is a corrections officer at the Federal Correctional Institution at Milan, Michigan. During my federal incarceration at FCI Milan, Petitioner alleged that Mr. Zielinski had engaged in trolling activity on her Facebook account. Petitioner filed a complaint with the Federal Bureau of Prisons concerning Mr. Zielinski. Petitioner also asked me to file a corresponding complaint with the BOP, and I did so. I have no independent grievance against Mr. Zielinski relating to my own person or property that would explain his inclusion on a list of persons "responsible" for my death.
 - c. Mr. Kamke is my residential neighbor on Brookfield Drive in Ann Arbor. I have never met Mr. Kamke. I have not communicated with him. I have no relationship with him of any kind. The fact that Mr. Kamke is my neighbor is not information I have published, communicated to Petitioner during our marriage, or otherwise made part of any public record connecting him to me.
18. I make this Affidavit in support of Respondent's Second Supplemental Motion in Support of Termination of Personal Protection Order. I make it to my own personal knowledge and not on information or belief, except where expressly so stated in the underlying Motion or in this Affidavit.

I declare under penalty of perjury that the foregoing is true and correct.

Conrad Alan Rockenhaus

Subscribed and sworn before me this _____ day of May, 2026.

Notary Public

County of _____, State of Michigan

My Commission Expires: _____

EXHIBITS

The following exhibits accompany this Second Supplemental Motion:

Exhibit A: Screenshot of the May 4, 2026 Facebook Post published from Respondent's Facebook account.

Exhibit B: Photograph of the handwritten sign of March 29, 2026 posted at Petitioner's residence directed by name to a misspelled variant of Ms. Helgren's name.

Exhibit C: Photograph of the printed sign of May 5, 2026 posted at Petitioner's residence falsely asserting a "no-contact directive" against Ms. Helgren and threatening criminal complaint for trespassing.

Exhibit D: Redford Police Department contact card bearing the responding officer's identification and Case Number 26-7649, received by Respondent on May 5, 2026.

Exhibit E: Screenshot of the May 5, 2026 share of the May 4, 2026 Post by the Demi-Jo Matthews Account into the "Michigan Missing Persons Alerts" Facebook group, showing the framing text and the embedded preview of the Post.

Exhibit F: Screenshot of the May 6, 2026 comment by the Demi-Jo Matthews Account on Ms. Helgren's April 24, 2026 photograph of Ms. Helgren and Respondent, showing the comment text *"Is that right before you killed him?"* with the accompanying Facebook share URL.

Exhibit G: Affidavit of Ann Helgren (to be filed as a supplement upon execution).

Exhibit H: Affidavit of Pamela Jordan (to be filed as a supplement upon execution).

CERTIFICATE OF SERVICE

I, Conrad Alan Rockenhaus, hereby certify that on May 6, 2026, I caused a true and correct copy of the foregoing Second Supplemental Motion in Support of Termination of Personal Protection Order, together with the Affidavit and Exhibits, to be served upon Petitioner, who is now self-represented in this PPO matter, by First Class United States Mail through a third-party server, pursuant to this Court's Order Regarding Alternate Service entered March 24, 2026, at her address of record:

Adrienne Marjorie Rockenhaus
26695 Ross Drive
Redford, Michigan 48239

A separate Affidavit of the third-party server is filed herewith.
